

## JAPANESE WIN SPLENDID BATTLE IN FIELD

### HEAVY LOSS IN BATTLE.

Eight Thousand Men Are Killed in Three Days.

Russians Show Very Poor Work on the Battle-field.

ST. PETERSBURG, August 5, 2:15 p. m.—Detailed reports reaching the war office from General Kuropatkin's generals show that the Russian losses July 30, 31 and August 1 did not exceed four thousand.

The Japanese are believed to have lost at least an equal number.

From a report of the fighting obtained by the Associated Press it appears that most of the Russian losses was sustained on the Samtara road and between Simou-cheng and Heicheng. The two divisions of the late General Keller's corps did not make a serious resistance at the Yungse Pass, falling back on Lindianshan with scarcely any casualties. Similarly General Stukelberg's and General Zasonoff's troops retired upon Anshinshan, half way between Hui Cheng and Liao Yang, without any heavy fighting or loss. The greatest number of casualties were sustained by General Herschelmann, who, with the Ninth European division, held Kuchiatan and Yushan Pass, on the Samtara road. The fighting there was of the most desperate and bloody character. One regiment lost 25 per cent, or 800 men, before they withdrew towards Anping. Another point where most stubborn resistance was made was at Nanga Pass, a position between Simou Cheng and Hui Cheng, which was held by Gen. Zaslavitch, who had been placed in command of a newly formed corps, including the thirty-first division belonging to the Tenth European corps and two Siberian battalions, altogether 18,000 men.

Gen. Zaslavitch's misfortune at the Yalu river was due to the superiority of the Japanese artillery. He was making a splendid fight until he suddenly discovered that the Japanese gunners were enfilading his batteries. It appears that General Zaslavitch in this case was not to blame.

The information that Gen. Zaslavitch had received orders to retire had not yet reached him with his own orders for the withdrawal of the Russian support of the right, and consequently he allowed the Japanese to take up a new position, suddenly unmask batteries and overwhelm the Russian gunners, who made desperate efforts to remove their pieces, but were compelled to leave six of them behind.

There has been no further killing of any importance since August 1, according to the latest reports received by the war office, and the officials here are inclined to believe that the Japanese will not be able to resume their advance for several days.

### THREAT OF TRAIN ROBBER.

IF HE GETS A HEAVY SENTENCE HE WILL NOT GIVE UP MONEY.

HELENA, Mont., August 5.—George F. Hammond, who is in jail here, denies positively that John Christie, arrested by Northern Pacific officials at Hope, N. D., on the charge of being implicated in the recent hold-up of the North Coast Limited at Bear Mouth, was his partner in crime.

On the contrary, his assistant in that affair, he says, has gone to Canada. Hammond also said he had hidden in a safe place securities taken from the express car worth fully \$100,000. He said he will not divulge the place of concealment until after his trial and that if he is given the extreme penalty under the train robbery charge he will never disclose it. Northern Pacific officials assert that the securities referred to by Hammond are valueless, consisting of cancelled money orders.

### SCHWAB BACK FROM EUROPE.

NEW YORK, August 5.—Charles M. Schwab arrived here today on the White Star liner Baltic. Mr. Schwab said he was on the other side only six days. He went abroad to have a business consultation with a representative of the Krupp people.

### HODGKINS READY TO FIGHT.

Chief Says Charges Made Against Him Are Untrue.

Wants the Public Board to Make a Full Investigation.

George M. Clary, laundryman, pseudo detective and sometimes commercial traveler, says that he was employed by Chief of Police St. Clair Hodgkins to spirit Miss Grace McNaughton away to Larkspur, near San Rafael, so that she would be unable to give any evidence against the Chief in the event of the robbery of the residence of Mrs. Thomas Meln, widow of the late South African millionaire, should come under an official investigation.

Chief of Police Hodgkins denies with great emphasis that he ever gave Clary money or that he had even seen him except on one occasion—Sunday last.

This is the newest development in the sensation wherein Chief of Police Hodgkins is alleged by Mrs. Meln to have been unwilling to arrest Miss McNaughton and Clara Anderson on charges of taking fine linen and other finery from the Meln residence on Jackson street to the value of more than \$1000.

The new phase of the case was brought to light through the issuance of a warrant for the arrest of Clary on the charge of defrauding Mrs. Patrick Smith, proprietor of the Larkspur Villa.

According to the story told by Clary, who is a discredited detective, on July 15 last at the instance of Chief of Police Hodgkins he took Miss McNaughton to Larkspur where they were to remain until the affair in Oakland had quieted down. Although at first Clary was paying considerable money, Clary evidently soon ran short of funds as he and his companion left Larkspur without paying the hotel bill, hence the warrant for his arrest on a charge of defrauding an innkeeper.

Prior to July 15 Clary was penniless and was swamped with debts from creditors. When he arrived at the villa he seemed to have plenty of money and he confessed to more than one person the delicate mission he was on.

Constable Louis Hughes is now looking for Clary and if he is found he may call on Chief of Police Hodgkins to corroborate his story of how he acquired the money to go to Larkspur, or he may back down and confess that he invented a pure fabrication, probably because he thought it sounded good.

Clary's record is a thing that he can scarcely be proud of. He deserted a child wife; he testified in behalf of a confidence man by the name of Taibet, who succeeded in defrauding an old couple out of \$100, and he was requested to leave the employ of the Western Detective Agency because of his peculiar methods.

In reply to the charges made by Clary Chief of Police Hodgkins makes a sweeping denial and flatly brands Clary as a liar.

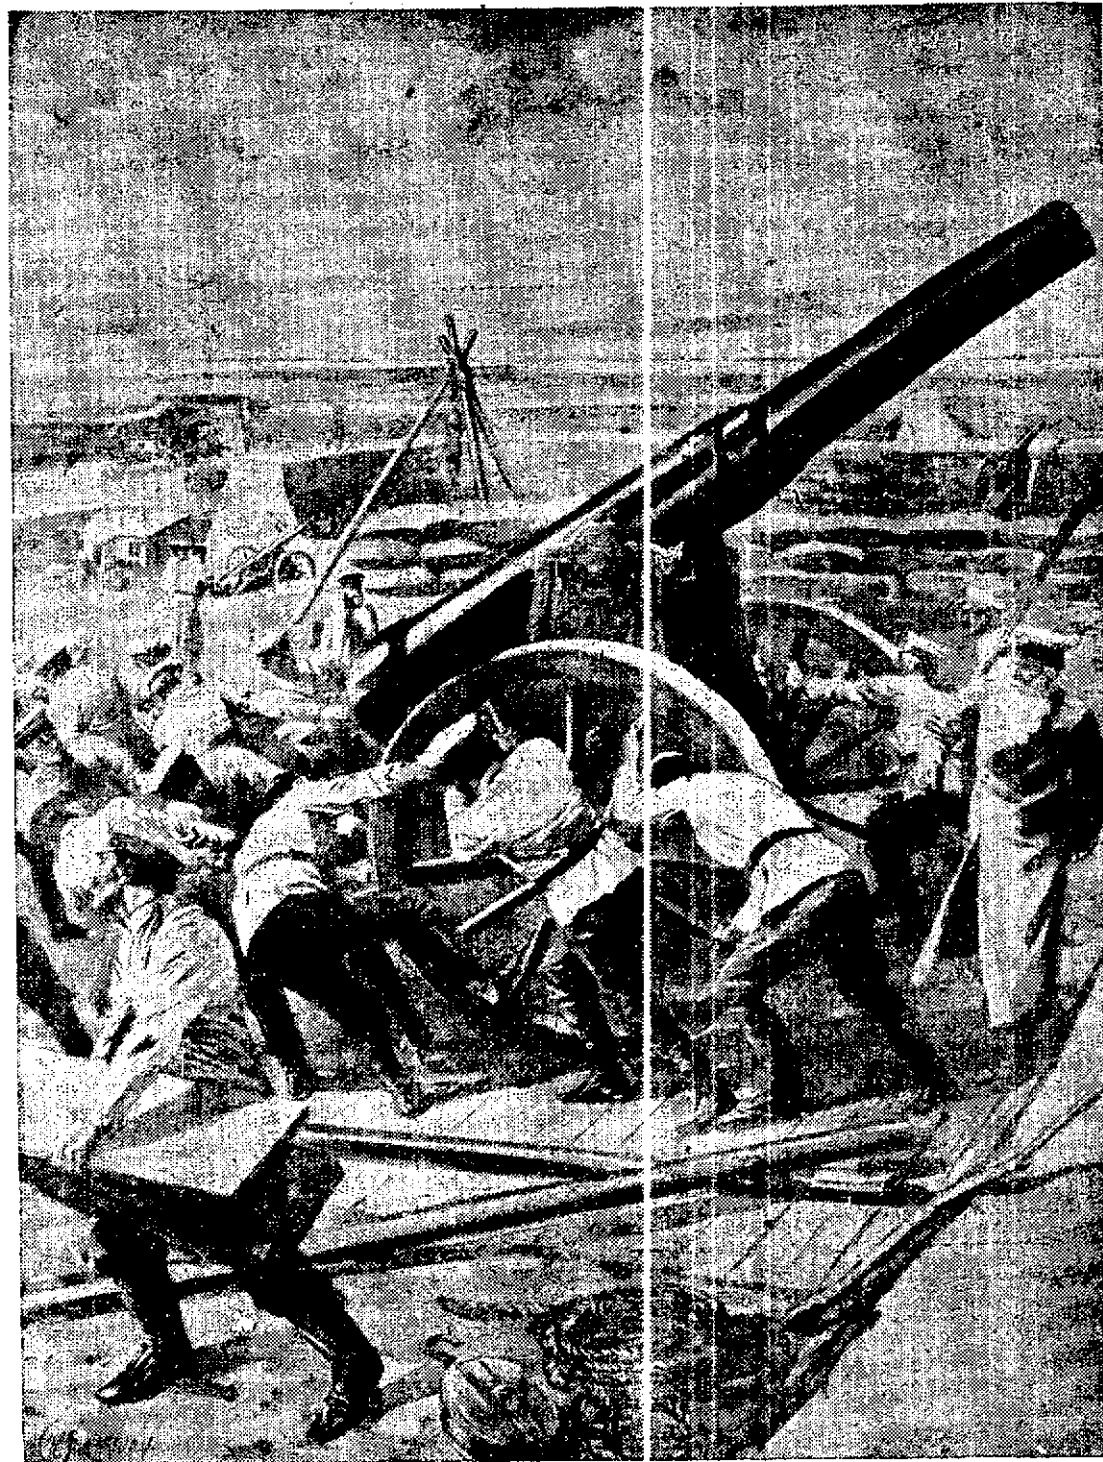

"I never saw this man Clary," said the Chief, "until last Sunday. At that time I was on my way home to take dinner when I received word from Jailer Curtis that two men wished to see me at the City Prison. Curtis stated that they were in a hurry to go to San Francisco. One of the men said he was Mr. Ramsey, a brother-in-law of the McNaughton girl. The other handed me a card on which was printed the name of G. M. Clary.

"I asked them what they wanted and they told me that Grace McNaughton denied ever saying she had met me under her thumb. They further stated that Grace McNaughton had not left the Meln residence because of the thefts of articles. She denied ever having taken any of the goods. They said that she left because of trouble in which a young man of Oakland was involved.

"Beyond this they gave no information. I did not ask any questions. If they came over here for information or to learn of my intentions in the case they were disappointed.

"The statements made by Clary that I paid him money to take the McNaughton girl away is a lie. I only saw the man once in my life and then only for a moment. I court a full investigation of this affair. I trust that the charges which are threatened to be filed against me will be filed. I want a chance to vindicate myself. I have acted throughout in this matter in strict accordance with my duty and will continue to do so."

PORT AU PRINCE, Hayti, August 5.—The stores were re-opened today under the protection of the police and without any unusual incidents. The military tribunal has condemned to death by default the forty expelled persons accused of complicity in the attempted revolution, headed by General Montplaisier, which failed in January last.

RUSSIANS DISMANTLING SIEGE GUNS IN A FORT AT NEWCHWANG.

## JAPANESE ENGAGE RUSS IN FIERCE BATTLE AND WIN A COMPLETE VICTORY.

TOKIO, August 5.—Noon.—It is now estimated that the Russians lost two thousand men in the fighting at Simou Cheng.

The Japanese sanitary corps recovered and buried 700 bodies in the valleys through which the Russians fought and retreated.

Prisoners and Chinese report that many of the Russian dead and wounded were removed by the Russians themselves.

### CAPTURED BY JAPS.

The Japanese captured six guns, 570 shells, a quantity of stores and 33 prisoners. A detachment of the Russian medical corps which was captured by the Japanese was returned to the Russian lines. The Japanese casualties at Simou Cheng amounted to 860 men, including eight officers killed and twenty-four officers wounded.

### KUROKI'S ATTACK.

General Kuroki's attack on the late Lieut.-Gen. Count Kellar was timed to forestall the assumption of the defensive on the part of the Russians. Gen. Kuroki telegraphs that the Russians were gradually reinforced until they had four divisions. The center moved out on the Liao Yang road to An Ping, which is thirteen miles from Liao Yang. A day or two previous to the Simou Cheng fight, which occurred on July 30 and 31, the Russian left at Yangtzuang show the signs of activity, the advance guard occupying certain heights in front of the main position. When it became evident that the Russians were concentrating their forces, General Kuroki determined to attack before the movement was completed. He started his army on July 30 sending his right against Yushuliku and his left to Yangtzuang, a separate detachment keeping in touch with the right wing, which moved against the Russian left at Yushuliku.

### THE ATTACK.

The country at this point is a succession of hills and dales, disadvantageous to the attackers. The Russians showed great ingenuity in entrenching and defending their positions. Frontal and flank attacks were delivered simultaneously against the Russian at Yangtzuang at dawn on Sunday, the artillery first clearing the way for the infantry. This position was captured at 9 o'clock in the morning. A frontal attack against the Russian center was continued but the general advance was delayed to await the success of the Japanese left column. The Russians attempted repeatedly to re-take their former positions at Yangtzuang but the Japanese repulsed them every time.

The Japanese left column encountered the vanguard of the enemy at Pinling and repulsed it. Later a separate detachment of Japanese troops flanked and severely punished a heavy detachment of Russians which was retreating from Pinling. The topographical conditions of the country prevented the completion of this flank attack.

### HORSES USELESS.

The fighting at Yangtzuang began at dawn of Sunday, July 31, when the Japanese drove back the Russian outposts and took possession of their positions. The Japanese artillery was ineffective here on account of topographical conditions. Horses were useless and men had to drag the guns over the broken country. It was 11 o'clock before the main battery of artillery opened fire. The main force of the left column began the attack from Mukumenza and separate detachments advanced along various routes with the object of striking the Russian flank and rear. The heights at Yangtzuang were held by the Russians with four battalions. The Japanese partially silenced the Russian artillery, but four of the enemy's guns continued to sweep the Japanese position.

Only twenty Japanese guns got into action. The frontal attack delivered by the Japanese in the morning had not become effective by noon. In the meantime a flanking column had scaled some heights and gotten the Japanese artillery was strengthened. During the afternoon the infantry pressed forward and the entire line became engaged. The Russians resisted stubbornly.

The battle field was a most difficult one upon which to maneuver and the Japanese were not able to dislodge the enemy. The troops of the Mikado slept in battle formation when the coming of night suspended hostilities.

### RUSSIANS REPULSED.

Fighting was resumed at dawn next day and the Russians were speedily repulsed. General Kuroki estimates the Russian casualties at 2000. At Yangtzuang the Japanese captured two guns, 560 rifles, 400 tents and much ammunition and equipment. Eight Russian officers and 149 men were taken prisoners. In the fighting at Yushuliku and Yangtzuang the Japanese casualties amounted to 970, including four officers killed and forty wounded.

## METCALF IS ILL.

Secretary is a Victim of Stomach Trouble.

WASHINGTON, August 5.—Victor J. Metcalf, secretary of Commerce and Labor became ill with stomach trouble last night.

His illness is not considered serious and he is expected to return to his office tomorrow.

## SULTAN IN AN UGLY MOOD.

WILL NOT GIVE AMERICAN CITIZENS THEIR PROPER RIGHTS.

WASHINGTON, August 5.—Minister Leishman has notified the State Department from Constantinople that he has failed to receive the expected satisfactory reply from the Sultan touching the rights of American citizens in Turkey.

While the negotiations will continue, it is possible that the American battleship fleet will be detained at Gibraltar to strengthen the minister's hands in the conduct of these negotiations.

## ENGINEER TAKES POISON.

Charles A. Schenk of Berkeley Was Weary of Life.

Made Plans to Go With His Family on European Trip.

BERKELEY, August 5.—For fully half an hour last night Charles A. Schenk, an engineer in the offices of the Southern Pacific Company allowed his wife and daughter to be deluded into thinking that he had been seized with a temporary illness only to later admit, five minutes before he died, that he had taken strychnine with suicidal intent. At the time the rash act was committed, the deceased was in the midst of preparations for a trip to Europe in company with his wife.

### HAD BEEN DESPONDENT.

For some time Mrs. Schenk and her daughter had noticed that the unfortunate man had been seized with melancholia from which he could not free himself. His despondency had been partially induced by illness brought on by advancing age. He was 68 years old and a native of Germany.

### PLANNED TRIP.

Yesterday afternoon Schenk's daughter, Miss Eugenia Schenk, a senior in the University of California, went to San Francisco to notify the officials of the company for which her father had worked that he would sail for Europe next Thursday. She did not return until shortly before 10 o'clock and then her father came downstairs to greet her and learn the results of her errand.

Schenk was in his ordinary spirits and gave no indication of his premeditated self-destruction. But on retiring at 10 o'clock he took several grains of strychnine and in a short time was in the throes of spasms brought on by the drug. Hearing his moans his wife and daughter rushed to his aid and at once applied home remedies that are used in slight illnesses.

### CONFERENCES HIS DEED.

As the pain grew more intense, and the convulsions increased, Schenk finally confessed that he had taken poison with the view of ending his life. Practically Miss Schenk ran to notify Mrs. G. W. O'Brien, a neighbor. Several doctors were telephoned for, but when Dr. Carpenter finally arrived the patient had breathed his last and the case was given into the hands of Deputy Coroner J. E. Strout.

### AN EVENTFUL CAREER.

Schenk lived an eventful career. In his early manhood he was graduated from the Polytechnic School of Stuttgart, Germany and then came to America to enlist in the regular army. He first served as a private and then entered the engineering corps.

### A UNIVERSITY PROFESSOR.

On the conclusion of the Civil War the young soldier went to the University of Tokyo, Japan, to become a professor of mineralogy. But teaching was not to his liking and after marrying he returned to America and entered the Coast Survey service. This was followed by an assaying trip to Mexico. Schenk finally accepted a position in the engineering offices with the Southern Pacific, in whose employ he had been for the past twenty years.

The deceased leaves his family in prosperous circumstances. No arrangements have been made for the funeral and the time of the inquest remains to be set.

## PLANNING FOR A REVOLUTION.

WASHINGTON, August 5.—Mr. Dawson, the American minister to San Domingo, in a cablegram to the State Department, suggests that it would be well to have a warship at Monte Cristi for a short time. It is inferred from this cablegram that another revolutionary movement is impending.

## MANY HOUSES ARE DESTROYED.

HEILBRON, Wurttemberg, August 5.—Three hundred houses out of a total of 560 at Ilfeld, have been destroyed by fire. There were few fatalities, but many persons were injured by falling walls while engaged in the work of rescue.

## TRY TO WRECK A BANK.

Strikers Cause a Run on a Savings Institution.

Bankers Meet All Demands and Keep Doors Open.

CHICAGO, August 5.—Hundreds of strikers and others today thronged to the Drovers Trust and Savings bank, near the main entrance of the stock yards, and withdrew deposits, whether large or small.

The unusual scene attracted a large crowd, set all manner of rumors in circulation and created a general run on the institution.

The strikers' action was taken in retaliation for the alleged action of one of the packing firms, Libby, McNeill & Libby, in making the bank an adjunct to their pay department. When the run began the officials doubled the force of paying tellers and met all withdrawal demands.

The Drovers Trust and Savings Bank is located in the same building with the Drovers Deposit National Bank, its local correspondent. Its capital is \$200,000 and its surplus and profits are named at \$30,000. It has a long list of depositors among the workmen about the yards and pays 3 per cent interest on their savings. It opened its doors February 3, 1902, and its last report, June 10, 1904, shows resources and liabilities amounting to \$1,865,505.

"There is no truth in the statements that caused the run," said Vice-President Wm. A. Tilden of the bank. Mr. Tilden is a brother of the Libby, McNeill & Libby director, against whom the run was directed. "We are simply meeting the situation by paying without question or argument all depositors who wish to withdraw their money. That is all I care to say."

The police detail at the bank was increased at 2 o'clock this afternoon to handle the crowd which at that hour extended in a line 200 feet either way from the entrance, and was beginning to show signs of restlessness.

At one time more than 1500 clamoring depositors were massed about the institution, while fifty police tried to keep them in order.

The bank had secured a supply of greenbacks and silver, which was stacked up on the counter. The officials announced that they would keep the bank open all night, if necessary, and that more cashiers' windows would be opened.

After the regular closing time 500 persons were in line waiting to withdraw money.

## MURDERED BY THEIR RELATIVE.

Young Man Kills His Sister and Her Husband for Money.

PHILADELPHIA, August 5.—Joseph Sheaser and his wife, Elizabeth, who were married about a month ago, were shot and killed by Harry Fisher, aged 30, the woman's brother, in their home early today.

Fisher also shot himself and is in a critical condition at a hospital.

The motive for the crime is said to have been robbery. Mr. and Mrs. Sheaser had \$1000 with which they had intended to purchase a home. The money was stolen. Fisher admitted his guilt.

After the commission of his crime Fisher concealed himself in the left of a stable in the rear of the house. Racked by remorse, he turned the pistol on himself. The shot not proving fatal, he left his hiding place and surrendered to the police.

Sheaser died this afternoon. Before he became unconscious Fishersaid Sheaser had broken up his home and this was the cause of the crime. No credence is given to this explanation.

## FARMER STUCK BY A TRAIN.

Patrick Sugrue Has a  
Narrow Escape  
From Death.

Patrick Sugrue, a San Lorenzo farmer, had a narrow escape from being crushed under the wheels of the Seventh street local shortly after 8 o'clock this morning. He was driving across the track in his wagon at Washington street when the engine struck the rear wheel of his wagon, snapping it and throwing Sugrue to his seat. He fell heavily and was taken to the Receiving Hospital, where it was found that he had no bones broken, but was suffering from numerous bruises and general shock to his system.

Sugrue states that he thought he had time to cross in front of the train. His horses, however, were slow in moving, and in the meantime the train, with brakes set, was sliding towards him, shrilly whistling to warn him of his danger. He had all but cleared the track when the engine was upon him and dished his rear wheel, tumbling the wagon over and throwing him out. His horses were caught before they had time to run away and Sugrue was assisted to the Receiving Hospital. He is 51 years of age and lives a short distance from San Lorenzo.

M. Burns, the flagman at the crossing, risked his life in order to stop Sugrue's horses and held on to the frightened train until the train came to a standstill and others came to his help. The back of his head was badly scratched. He accompanied Sugrue to the hospital and had his injury dressed.

## OLD MAN SENT TO ASYLUM.

HIS AGED WIFE FEARED HE  
WOULD MURDER  
HER.

Mumblings of days that have gone, Frederick G. Lowe, an old man seventy nine years of age, was sent to the insane asylum at Stockton this morning. He has been tossed about on life's stormy seas until he has arrived at that age when men's eyes turn away from him and he is looked upon as a burden to the state. He has been in the asylum for some time.

In 1849 he traveled from Panama to San Francisco, in the Eliza Mary, and it took him 89 days to make the journey. He now lives in a small house in the city. He has been in the asylum for some time.

Of late Lowe has imagined when he lies down that a huge dragon's head is about to devour him. He has taken an axe into his room and his aged spouse is fearful that he may do himself or her fatal injury and in order to protect herself and him she has taken action. When questioned by the doctor's wife Lowe's mind went back to the time when he was a young man. Of late years he has been "rigorous" and has been in the asylum for some time.

He told of his walk across the Isthmus of Panama, and how it stuck. He talked of the steamer's bill of fare and how they posted notices of what they were to eat in order to avoid passing out. Of the present his mind was a blank and it was easily shown that he was a proper subject for the asylum and that was made by Judge Melvin forthwith.

## POLICE AFTER SALOONS.

Want Licenses of J. Breen  
and Venezea Gardens  
Revoked.

Policeman Pardee, supplemented by Policemen Scanlon, Bock and McKee, has filed several charges against J. Breen who conducts a saloon at Seventh and Brush street. According to the policeman the saloon is a menace to society and a disgrace to the community.

Pardee in a long letter to the Chief of Police, which has been submitted to the Board of Police and Fire Commissioners, states that the place is frequented by women, children and men until late hours of the night. Pardee alleges that on July 17th last he saw six children knocking at the back door of the saloon asking for their mother. On numerous other occasions Pardee states that he has seen drunken women come out of the place and has on one or two occasions arrested the women while reeling and staggering in the street. The policeman asks that the case be investigated. One of the things that he objects to is that Breen is alleged to have told him of having got it on you. If you try to close up my place I will break you.

According to the report Breen is said to have stated that Pardee took several drinks in the saloon while on duty. Policemen Scanlon, Bock and McKee all give similar testimony.

Patrolman Fahy states that as long as he was on the beat the saloon was conducted in a quiet and orderly way. Police Sergeant Lynch has also preferred charges of a grave character against the Venezea Gardens, conducted at 572 Seventh street, by Moore and McColligan.

It is stated that women resort to the place and that in the gardens men are often seen drinking with women. The tone of the place, says Lynch, is low and in his estimation it would be a benefit to the community if the place were closed.

Lynch's report is also supplemented by that of Scanlon and other policemen.

## HIS MIND IS STILL WEAK.

Charley Tye Will Never  
Recover From His  
Terrible Beating.

It is feared that Charlie Tye, the lightweight prizefighter, is hopelessly insane.

This morning he went to the Receiving Hospital and asked the matron for protection.

He was put in one of the rooms in the insane ward but later at his request he was given his liberty.

In the meantime his family was notified. Preparations have been made by the Eagles to send him to the springs with a man to keep him company and it is hoped that this may result in much benefit to him.

His family, however, are frightened of him and it is feared his mind is incurable.

He was examined by the insanity commission some months ago and at that time so much was promised for him by his friends that he was allowed his liberty. It was stated at the time that he had been working very hard and it was believed that rest would perform the cure. At that time he was indulging in fancies regarding the establishment of a restaurant exclusively for the Eagles and Masons and other fraternal organizations.

The real cause of his trouble, however, it was believed was due to a terrible beating he received in the ring a short time previously. He was employed in driving a delivery wagon for Fred Becker when the butcher's strike was declared and was thrown out of employment. Then to tide him over his idle time he went back to the fighting ring and took on a match. He did not realize what effect several years of absence from the ring had done for him and how far he had gone back. The fight was declared to be one of the fiercest seen in the local prize ring and he received a terrible beating. Several of his ribs were broken and he was otherwise bruised and battered.

Judge Parker leaves home.

DEMOCRATIC NOMINEE WILL NOT  
TELL ABOUT HIS  
PLANS.

ESOPUS, N. Y., August 5.—Judge Parker left Esopus today, for the first time since his nomination, taking a West Shore train northward. His ticket was purchased for Kingston, but his destination is unknown. The pilgrimage was most unexpected.

Not the remotest intimations would Judge Parker give as to his destination or the purpose of his journey. Everybody was certain, however, that Kingston was only a way station on the route. Some positive intimations were given by the judge's intimates to the effect that Esopus throughout the campaign that those who knew of his journey today assumed that it involved matters of great importance.

KINGSTON, N. Y., August 5.—Judge Parker arrived here at 10:45 a. m. He rode from Esopus in an ordinary day coach, chatting all the way with personal friends whom he met there. At Kingston he left the train without giving any intimation as to his intentions. He had his shoes shined at the station and afterward boarded the train for Albany.

ALBANY, N. Y., Aug. 5.—When Judge Parker reached Albany he went at once to a restaurant for lunch. After that he walked to the capitol and proceeded to his chambers in the Court of Appeals.

RETREAT OF THE  
RUSSIAN ARMY.

ST. PETERSBURG, Aug. 5.—The temper of the Russian troops, in view of the continued retreats, is perhaps accurately reflected by the following brief message, sent by one of the Associated Press Russian correspondents from Liao Yang.

"The orders to evacuate Hatching are condemned by many. It is heart-breaking to be constantly falling back, but there must be an end to this retrograde movement. A little more patience. The advance only requires manliness."

WANT TO LEASE  
ARID LANDS.

DENVER, Colo., August 5.—Resolutions in favor of transferring the management of the forest reserves to the department of agriculture and of a system for leasing the arid lands to stock growers were reported to the Western Stockmen's meeting this afternoon by the committee appointed at yesterday's session.

There was no opposition to the forest reserves resolution, but the subject of grazing lands evoked much discussion and a divergence of views.

## ADMISSION DAY ADVANCING.

INDICATIONS FOR CELEBRATION  
WITHOUT EQUAL IN HIS-  
TORY OF CALIFORNIA.

The general committee of arrangements for the celebration in this city of Admission Day, September 9, will at this evening in the Merchants' Exchange, at which time a great deal of business will be transacted.

The following committee, touching on the proposed observance of the day, was issued this morning, signed by all the members of the ways and means committee, as follows: Harry G. Williams, Oscar Lunn, J. J. Moffit, George S. Meredith, W. J. Bascus, W. L. Quigley, Jr., R. J. Montgomery, J. R. Knowland, A. H. Breed, E. G. Buswell Jr., Henry Henken.

## REQUEST FOR FUNDS.

"The Native Sons of the Golden West will celebrate Admission Day in Oakland in a manner becoming the occasion. The committee having in charge the carrying out of the proposed arrangements are anxious to have your support and co-operation.

"To carry out the intentions of the various committees will entail a considerable amount of work and expense, and to meet this large expenditure we feel that we must call on the public spirited citizens of our State to assist us financially, as this celebration is to be a State affair, and a very part of the Native Sons of the Golden West has been invited to participate.

"Many thousands of lights Temples are to be here at that time and an OAKLAND DAY is to be arranged for the 9th of September, so that we may show the visiting 'Knights' the character of California's sons.

"We trust that you will unite with us and by your assistance and advice in making this celebration worthy of the occasion it will commemorate, and show not only our love of country, but that it will also be indicative of reverence for the pioneers who blazed the way."

"We hope to hear from you favorably and as soon as possible so as to insure a successful end to our labors. Contributions should be sent to Harry G. Williams, chairman of the ways and means committee, or to Frank Balford, treasurer, Admission Day celebration committee."

PARTIES FROM ALL SECTIONS.

Every parlor of Native Sons and Daughters of San Francisco will today in a body and form the finest parade that ever marched in this city. Besides these, there will be parties from all parts of the State.

There are twenty-six parlor of Native Sons in the metropolis and these have decided to not only assemble quarters here and take part in the procession, but have also contributed \$10,000 to the fund now being raised in this city for the purpose of making the occasion one long to be remembered.

mont, Athens, Brooklyn, Aloha, Alameda, Halcyon, Las Postas, are working with might and main in the effort to make an impression upon strangers which will be of lasting character.

## PIEDMONT PARLOR.

Piedmont Parlor of Native Sons of this city is one of the most energetic organizations of the kind in the order. It is always prominent when the question of advancing the purposes of the order is under consideration. It has always been in evidence in Admission celebrations, even when the members had to incur the expense of traveling to distant cities for the purpose. This year, however, the expense of travel will be avoided and the money will be expended in entertainment and augmenting the display of the organization on the street.

## LAST NIGHT'S MEETING.

At the meeting of the Parlor last night there was a large attendance of members and enthusiasm over the forthcoming anniversary was of the most encouraging character possible.

The following members were appointed on the entertainment committee: P. M. Walsh chairman; J. J. McElroy, Thos. Martin, H. V. Goerner, F. Craddock, J. W. Kramm, J. P. Wolfson, A. A. Sullivan, W. Volich and W. Luth.

## NEW BANNER.

The Parlor ordered a new banner at a cost of \$100, which will, when completed be without a peer in the order. Instead of in paint, as heretofore, the lettering and designs on the surface will be wrought in bar-relief of gold embroidery.

## UNIFORMS.

One hundred and fifty unique badges have been ordered and are to be worn by the members. Uniforms have been ordered at a cost of \$10 each. This parlor is the largest in the county and has 233 members. The committee has been instructed to spare no expense and the visiting natives and their friends will be entertained royally.

## OTHER PARLORS.

Oakland Parlor, No. 50, has engaged Maple Hall and will also entertain in great style.

Athens Parlor has secured Fraternal Hall and will uphold their reputation as liberal Native Sons.

Aloha Parlor, Native Daughters, has engaged both floors of the Forester's Hotel, and will entertain the visiting sisters.

J. Neville was arrested in the hills today, and is enroute to Cody where he will be turned over to Sheriff Bell. Of Triller county, Colorado, Neville is charged with having been implicated in the dynamite outrage on June 6 at Independence, Colo., where he was formerly in the saloon business. His house was within 200 feet of the station where the explosion occurred and his wife was struck by some of the flying debris. Neville's saloon was burned a few days before the explosion.

## ARRESTED ON A BURGLARY CHARGE.

BAKERSFIELD, Cal., August 5.—Manuel Coronado, a machinist lately employed at the Southern Pacific shops in Kern, was arrested this morning charged with burglarizing the home of Mrs. E. M. Soto at Caliente. Mrs. Soto's purse, containing \$180 in cash and some valuable papers missed from the house. Soto is the possession of the sheriff, they having been found by the officer at Coronado's house. Coronado has borne an excellent reputation in the past and his arrest was a great surprise.

FERMENTATION OF TOBACCO TO BE SEEN AT WORLD'S FAIR. (St. Louis Republic.)		
To demonstrate how American-grown tobacco is fermented, the seedlings of which were brought from Cuba and Su-		

matra, a department has been installed in the Palace of Agriculture. When the tobacco crop is harvested later in the season the Government will send experts to the World's Fair to demonstrate how this scientific fermentation has been secured. Previous to the Spanish-American war the curing of Cuban and Sumatra tobacco was a process known only to the tobacco planters of these countries and the members of their families.

At the close of the war the Agricultural Department of the Government sent experts to Cuba and Sumatra to study the process. Within the last five years this process has been acquired by the American experts and through the medium of the Government experiment stations in different parts of the country it has been demonstrated that tobacco of as fine quality and flavor as the Cuban and Sumatra tobacco can be grown profitably in the United States.

Luck was a strong element in yesterday's game between the Seals and Commuters, in San Francisco. An odd fact is that Portland, Oakland and San Francisco are now even up in the percentage column, while the same is true of Seattle, Tacoma and Los Angeles.

As previously stated, luck played a leading part in the defeat of the boys from Oakland. Apparently everything was favorable for them—the hitting balance was on their side, as well as other things which should have made them the winners. But the fact remains that they were humbled—5 to 4. They do say that Phil Knell was the one who did it—and it is a fact.

As on previous occasions, Oakland started off with a lead—there being nothing in that old adage about a good beginning—not until the third were any tallies accumulated by either team. At that time the Commuters collected a couple. McKuehn and Schmidt singled and Frankford forced Schmidt out at the second sack. McKuehn taking third on the play. Stealing second, Frankford followed McKuehn home on a little pop of Ganley's over the head of Anderson.

Ganley beat out a hit two short in the fifth inning and Dillie walked and Bobble scored on Kruger's Texas leaguer to the left field. Oakland was now three chalk marks to the good—San Francisco's lead. Just at this point erratic Dame Fortune chose to bestow her coveted smiles elsewhere and things took a decided turn. It was in the sixth, McKuehn walked on a single that Hildebrand tore off the second sack. McKuehn taking third on the play. Stealing second, Frankford followed McKuehn home on a little pop of Ganley's over the head of Anderson.

TIGERS NEARLY SHUT OUT.

Yesterday's game at Portland between the Browns and Tigers was very nearly a shut out for the Tacoma force. Iberg's pitcher, practically won his own game by a score of 2 to 1. He held the visitors down for four hits and got a three-bagger and a two-base hit out of three times at bat. There were few opportunities for base runners. Portland made her efforts tally in the fourth. Nadeau was on third and there were two out, when Spencer hit the ball to first. There being no one to cover first, the run scored. At a later stage Spencer was scored by Iberg's two-bagger.

for teams of five, a three-mile tandem event, together with three and five mile races and a two-mile open hand race. Prizes and medals for all events will be offered instead of the customary ribbons. Usually awarded to winners, or those who are good seconds. Subscriptions for this purpose will be sought. The entries for the field events close on August 13th, as the date of the meet is the 21st, and all entry blanks for these competitions should be forwarded to George James, Olympic Club. The entries for the cycle and motor events will probably close a day or two later than those for the sprinters and distance and first championships.

WILL COME BACK TO DEFEND TITLES.

It has been announced in Eastern tennis circles that the Doherty brothers will return to the United States next month to defend their titles. The brothers, L. J. and H. L. Doherty, hold the championship of the United States in doubles, and H. L. Doherty is the national singles champion.

LEW POWELL, THE CLEVER AMATEUR, WHO MEETS CHAS. AUGUSTUS IN SAN FRANCISCO TONIGHT.

JEFFRIES WILL ANNUAL TENNIS BATTLE.

SAYS HE WILL FIGHT MUNROE IF HE HAS TO DO IT ON CRUTCHES.

PACIFIC STATES LAWY TENNIS ASSOCIATION WILL MEET AT SAN RAFAEL.

HARDIN SPRINGS, August 5.—Jeffries is wasting no time in conditioning himself for his coming battle with Munroe. The champion has cut out hunting and has settled down to good, hard training. He has expended no trouble from his knees and anticipates none. Jeff has relied sufficiently to give the knee a chance to get better and he will take no exercises that will endanger that precious part of his anatomy. The champion has not taken up boxing. He contents himself with punching the bag, shadow boxing, handball and road work. He still keeps his weight a secret and refuses to allow anyone to see him mount the scales. Jeff says he does not care how much he weighs, so long as his wind is perfect and he is fast on his feet. He has issued orders to his trainer, Billy Delaney, to put up his forfeit and says he will fight Munroe, even if he has to go into the ring on crutches. Manager Coffroth of the Yosemite Club says there is no danger of the fight not coming off. He stated yesterday that the men would positively battle in the Mechanics' Pavilion on the evening of Friday, August 6th. He also states that the fight will be a real prize fight, and that the men will be in at all parts of the country. Leading newspaper men will journey across the continent to see the fight. The fight is being manifested in the East and in adjoining States over the outcome of the coming battle. While it is generally conceded that Jeffries will win, the minor is vastly improved and will give the champion a hard battle when they come together.

THE MINING CONGRESS.

PORTLAND, Ore., August 5.—Among the expected delegates to the American Mining Congress, which will hold its annual meeting in Portland August 22-27, are representatives from Germany, France, Canada, Japan, Italy, Mexico, Hungary, Switzerland, Denmark, Peru, Portugal, Chili, Nicaragua and Spain. Although it is not yet settled, it is more than likely that Director Roberts of the United States Mint will be here. Secretary Irvin Mahon is using great efforts to induce Secretary of State John Hay to attend the congress. The United States Senate and House of Representatives will have ample representation, among them being William M. Stewart of Nevada, Thomas R. Bard of California, T. A. Bell of California and William R. Hearst of New York.

THE MODERN WAY

To cure a weak stomach is to take Hostetter's Stomach Bitters at the very first symptom. It does away with your starving and dieting yourself because it puts the stomach in proper condition to digest the food. In this way it cures indigestion, dyspepsia, biliousness, heartburn, insomnia, headache, cramps or diarrhoea. Nervous and sickly women also find the Bitters unequalled as a regulator and tonic. We urge a fair trial.

HOSTETTER'S STOMACH BITTERS

AMATEUR BOUTS TONIGHT.

LEW POWELL WILL FIGHT AUGUSTUS IN SAN FRANCISCO.

Tonight in the Mechanics' Pavilion Annex, San Francisco, Lew Powell, the clever little boxer, will fight Chas. Augustus. This will be the main event of the Lincoln Club's amateur show. Powell has been a favorite with the athletic fraternity since his fight with Bob Talpin, the night of the Berger-Roden back fight, when he came out winner and with the title to coast lightweight and Augustus is a good man and the mill promises to be a good one. In addition to this well-kept main event, there will be two good specials. In the first Young Chevonski meets Bob Talpin and in the second George Murray goes against George Currie. Both are good-looking matches and should prove interesting and spirited. The other bouts are as follows: Mike McElroy vs. Billy Brennan, Joe Kelly vs. Jack Doyle, and Mike McBride vs. Jim Bradley. Taking it all the way through, this is a good array of talent and will doubtless draw a good house.

NARROW ESCAPE OF A RIGGER.

PHILADELPHIA, August 5.—Hanging to the foot of a great cross that surmounts the steeple of the Salem German Reformed Church, 300 feet above the ground, Frank Eickeroth, a young rigger, was held by a rope "choking" in the block of a tackle, his life in constant jeopardy for nearly an hour.

Eickeroth had been gilding the cross which is twelve feet high and eight feet broad. When he started to descend, he found the tackle by which he was suspended, would not work and he found himself unable to get up. Down. There was danger that the rope would break and the rigger dangle to the foot of the cross. He could not make those watching him hear and finally he withdrew one hand from the cross. With this hand he took his pocket knife, a bit of paper and a pencil. Slowly and with difficulty he crawled upon the paper. "Rope is choked. Send up another tackle quick!" he called. He then took the blades of the knife with his teeth. Eickeroth shut them down upon the slip of paper and threw the knife to the ground. His fellow worker quickly climbed up the inside of the steel arch and made good with Mrs. Jane Eickeroth, by which Eickeroth safely descended.

NEWS ITEMS FROM NILES.

NILES, August 5.—O. B. Merrick of San Francisco, a former resident of Niles, is able to sit in a wheel chair and has taken into the sunshine. He has been confined to his bed for the past eighteen months. He is a brother-in-law of S. O. Hixley. Miss Consuelo, who has been staying at Hotel Belvoir for the past four months, will return to San Francisco Saturday. Mrs. Baechele and Miss Ethel Baechele have gone to their former home at Ukiah, where they expect to remain for several weeks. Mary Hale has returned from Redlands, where she has been attending High School for the past year. While in Redlands she made her home with Mrs. Jane Hale of that city. Mrs. Wallace Briggs has been visiting with Mrs. Fone for a few days. A fire in Alajavado Sunday burned out the whole of Chinatown. The Rev. E. Ham said the First Congregational Church pulpit on Sunday. Mr. Hale expects to be here next Sunday to begin the year's work in his parish. There have been many guests from San Francisco and other places in the State visiting at the Hotel Belvoir during the month of July. Mrs. Hixley entertained a few friends at "500" Saturday evening.

THE LARGEST SPECIAL TRAIN.

PORTLAND, Ore., August 5.—What is said to be the finest and largest special train ever sent on a transcontinental journey will arrive here next Wednesday morning en route to San Francisco bearing 287 Knights Templar from Pittsburgh on their way to the twenty-ninth convocation which is to be held in the California metropolis early in September. The train will consist of six Pullman sleepers, four baggage cars, and a 58-foot commissary car built especially for the Knights on their trip. The train will come over the Northern lines and will return by way of Los Angeles and the South. The party will include some of the most prominent men of Pennsylvania.

RAILWAY MEN IN NORTH.

PORTLAND, Ore., August 5.—Julius Kruttschnitt, a director of maintenance and operation of the Harriman system of railways, accompanied by E. C. McCormick, arrived in this city today and after a conference with Messrs. Calvin, Craig, Coman and other officials of the Harriman system in this city, departed for the north tonight. It is said that the visit of Mr. Kruttschnitt and Mr. McCormick to this city has no particular significance.

COUNT KELLER'S BODY.

LIAO YANG, August 5.—Lieutenant General Count Keller's body arrived here August 2, accompanied by his son. Funeral services will be held here and the body will be then sent north by railway. Lieutenant General Count Keller was mortally wounded July 29 while repelling the preliminary attack of General Kuroki's army on Yang Se pass, thirty miles east of Liao Yang. He was struck by a fragment of a shell, which exploded close to where he was standing, and he died twenty minutes later.

AMATEUR BOUTS WOULD HAVE NEW LEAGUE.

CONSIDERABLE COMMENT ON BASEBALL SCHEME PROPOSED BY TOM MCCAREY.

LOS ANGELES, August 5.—The proposed plan to reorganize a California league, composed of Los Angeles, Pasadena, Oakland and San Francisco, has caused a lot of comment recently, some of it favorable and some unfavorable. It is recognized to be a good scheme from the standpoint of the managers and might be a good one from the standpoint of the public if the teams were originally matched. The idea was originally proposed by Tom McCarey, the promoter of fistic carnivals and if it works out he may become the owner of the Pasadena team.

McCarey figured out the scheme when he was asked to buy the Portland franchise of the Pacific Coast League. He looked over the field and decided he didn't want anything to do with the Northern team. Tom thinks his scheme is a good one and would work out in fine shape.

At the present time a visiting team gets the short end of the receipts. Thirty per cent is allowed to the visiting team while 70 per cent goes to the home team. With this division it is impossible for a team in the Pacific Coast League to cover the circuit and come back home without a deficit. No such plan as outlined in the foregoing dispatch has been discussed in this locality. There has been some talk of admitting Pasadena in order to give Los Angeles continuous baseball, and in order to do this Stockton would be included as the eighth club. It has not been serious talk, however, and when the showdown comes next year's circuit will probably be the same as this.

COURSING AT INGLESIDE.

Tomorrow and Sunday two stake events will be decided at Ingleside Coursing Park. The first is a sixty-four-dog reserve, while the other is a forty-eight-dog class stake. The sport begins tomorrow at 11 a. m. On Sunday at 10:30. Last night the drawing was held, resulted in the following pairings: Reserve stake, sixty-four entries—McHenry vs. Melrose, Magic Stuff vs. Her Boy, Mon Belle vs. (Lobell), Firm Plunge vs. Big Bang, Kitten Dears, Forest Bird, Jerry Wright vs. Smith, Confusion vs. Gallant Tipperary, Frisky Boy vs. Haddington, Marguerite vs. Adeline Patti, Manru vs. Lily Wright, Hermit vs. Presto, Wait for Me vs. Labret, Bury Bait vs. Queen of Fortune, Free Coast vs. Ould, Irma Hotfoot vs. Lady Melro, Fancy Dress vs. Modesto Boy, Topsy Turvey vs. Dorothy M., Synter vs. Virginia Boy, Red Hot vs. Fanny, Chilly Morn vs. Chilly Morn, America vs. Summer Girl, Lad Russell vs. Brentwood Cricket, Humbug vs. Agitator, Maid of the Glen vs. Real Pash, Trickys vs. Maid of Gower, Real Dukes vs. Hunchy Kid, Chilly Morn and vs. Budding Rose, Templer Galante vs. Roy Huggle, Drifting Down vs. Craig Lad, Brooklyn Tommie vs. Frank Dunn, Tom Hurlick vs. Annadale, Miss Brumcomedy vs. Fretter.

Class stake, forty-eight entries—Tracie Lass vs. Don Pedro, Queen of Isles vs. Rural Artist, Luck Shamrock vs. General de Wee, Bonnie Pasha vs. Little Plunge, Barndine vs. Golden Fortune, Boots vs. Gracie Maid, Valley Pride vs. Palo Alto, Fortune Angel vs. Vina, Commercial Traveler vs. Aurelia, Miss Florence vs. Royal Friend, Doreen vs. Young Johnny, King vs. Full Moon, Sunny South vs. East Lake, Merry-Go-Round vs. Reckless Acrobat, Carlow Boy vs. Belfast, Mark Twain vs. Sir Winton, Pure Pearl vs. Right Fortune, Fanny Huggle vs. Texas, Little Gull, Glancer vs. Snider, May Tumblant vs. Courtney Guest, Aetolus vs. Silver Heels, Guxfure vs. Blute City, Imperious vs. Guxfure.

"HON JOHN NORTH" AT THE MACDONOUGH

"The Hon. John North" with L. R. Stockwell in the title role and Jimmy Britt, the world's champion lightweight, in the role of the spurious son, will be the attraction at the Macdonough Theater during the week commencing next Sunday night. One of the great features of the play is the introduction of a three-round physical culture demonstration between Britt and "Brother Bill." The play is one of the cleverest American comedies that has been produced in this decade, and the part assumed by Stockwell is said to fit him like a glove. The motive that induced the late Charles H. Hoyt to write the three plays entitled "A Texas Steer," "A Midnight Ride," and "The Hon. John North," was that he had in Hoyt's cut-to-order play, at the California Theater, where the play was presented several weeks ago, Mr. Stockwell made a pronounced hit in the title role.

THE LARGEST SPECIAL TRAIN.

PORTLAND, Ore., August 5.—What is said to be the finest and largest special train ever sent on a transcontinental journey will arrive here next Wednesday morning en route to San Francisco bearing 287 Knights Templar from Pittsburgh on their way to the twenty-ninth convocation which is to be held in the California metropolis early in September. The train will consist of six Pullman sleepers, four baggage cars, and a 58-foot commissary car built especially for the Knights on their trip. The train will come over the Northern lines and will return by way of Los Angeles and the South. The party will include some of the most prominent men of Pennsylvania.

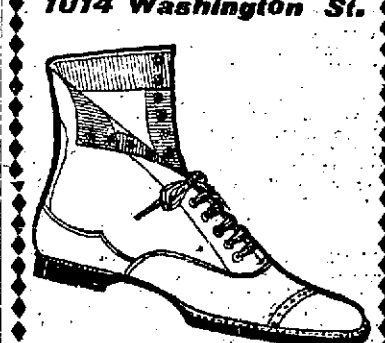

RAILWAY MEN IN NORTH.

PORTLAND, Ore., August 5.—Julius Kruttschnitt, a director of maintenance and operation of the Harriman system of railways, accompanied by E. C. McCormick, arrived in this city today and after a conference with Messrs. Calvin, Craig, Coman and other officials of the Harriman system in this city, departed for the north tonight. It is said that the visit of Mr. Kruttschnitt and Mr. McCormick to this city has no particular significance.

COUNT KELLER'S BODY.

LIAO YANG, August 5.—Lieutenant General Count Keller's body arrived here August 2, accompanied by his son. Funeral services will be held here and the body will be then sent north by railway. Lieutenant General Count Keller was mortally wounded July 29 while repelling the preliminary attack of General Kuroki's army on Yang Se pass, thirty miles east of Liao Yang. He was struck by a fragment of a shell, which exploded close to where he was standing, and he died twenty minutes later.

CURES Bythina CONSTIPATION

# UNITED STATES TO ACT.

**Sultan Must Give Americans Same Rights As Others.**

WASHINGTON, August 5.—Secretary May's return to the city from his summer home was signalized by consideration at today's cabinet meeting of important matters concerning America's foreign relations.

The secretary had not completed his vacation, but returned to Washington at this time on account of the developments in this country's relations with Turkey. The whole question was considered by the President and his cabinet today in the light of information received by cable today from Minister Lelismann at Constantinople.

This government has been pressing the Porte for an answer to representations as to the rights of Americans to establish schools and other educational institutions in the Turkish empire, and one was promised. Such rights have been accorded other nations, but have been withheld from America. After the meeting Secretary May declined to say what, if any, decision had been reached.

Secretary Morton's replies to similar inquiries indicate the probability of important action by his department bearing on the Turkish question. It is known that a proposition has been made to hold the American battleship squadron at Gibraltar instead of having it return to this country.

After the meeting the President, Postmaster-General Payne, and other members of the cabinet held a conference on political matters.

# FAST TRAIN OFF THE TRACK.

**SEVERAL PEOPLE WERE INJURED BUT NOBODY WAS KILLED.**

VINITA, I. T., Aug. 4.—The Meteor, a fast passenger train on the St. Louis & San Francisco Railroad, (the Frisco system), from Dallas, for St. Louis, was derailed near here today. The engine, baggage car, mail car and two chair cars left the track.

Several persons were injured but no one was killed. At the time of the accident the train, which was half an hour late, was running at the rate of 35 miles an hour. For some unknown reason the tender became uncoupled from the engine and turned half way around, crossing the track. The cars following, with the exception of the Pullman sleeper, went into the ditch. The Pullman left the track and remained upright. The injured were cared for in the sleeper.

# ARREST PLUMBERS.

BERKELEY, August 4.—Sanitary Inspector L. P. Hays is making arrangements to bring suit tomorrow against a number of plumbers in this city who have failed to comply with the ordinance requiring the filing of certificates after the completion of plumbing work. The inspector declares that some of the plumbers are \$200 in arrears and that the total indebtedness to the town is \$500. It is expected that the suit will attract wide attention and that plumbers will combine to fight the law.

**INGOMAR WINS.**  
COWES, Isle of Wight, August 4.—The American yacht Ingomar won the town prize of \$500 over the Queen's course today, defeating Emperor William, Meteor, the scratch boat, and six others. King Edward sailed on board the Meteor.

# UNITED STATES CAREFUL.

**Not Ready to Dispute Decision of the Prize Court.**

WASHINGTON, August 4.—The officials of the State Department do not care to pass an opinion upon the legality from a legal standpoint, on the action of the Russian prize court at Vladivostok in the case of the Arabia, as reported in today's press dispatches, until some obscure points in the decision are cleared up.

The Arabia case is likely to develop strongly one important contention of this government, namely, that food stuffs on a neutral ship are not subject to seizure, even in the war zone, provided they are not intended for the use of the army or navy of a belligerent. Counsel for the Portland Milling Company were before the department yesterday, and insisted that the entire cargo of the vessel was individually consigned and consequently that there was not one pound of contraband goods liable to seizure.

After the meeting the President, Postmaster-General Payne, and other members of the cabinet held a conference on political matters.

**RUSSIANS LOSE 1000 MEN.**

**STARTLING REPORT IS SENT BY A RUSSIAN GENERAL.**

ST. PETERSBURG, Aug. 4.—Gen. Sakharoff reports that 28 officers and 1,000 men were killed or wounded in the engagements of July 30th and 31st.

**NEW HIGHWAY.**

SAN DIEGO, Cal., August 4.—San Diego is to have the honor of making the first section of El Camino real, the highway that is to traverse the State for hundreds of miles. The Board of Supervisors has entered into a contract with San Francisco firm to purchase an immense rock-crusher, roller and spreader wagons, and as soon as the machinery arrives construction will begin on a strip of the roadway from Ocean side to this city. The work will be done to have the end of the line a model of macadamized roadway.

# MARTIN OUT OF RAILROAD.

**North Shore is Now Under the New Management.**

SAN FRANCISCO, Aug. 4.—John Martin, president of the North Shore Railroad, resigned today at a meeting of the directors and W. Foster was elected his successor.

This is understood to indicate that the consolidation of the North Shore and the California & Northwestern roads has commenced and that the two lines will be operated by General Manager J. L. Fraser of the California & Northwestern, formerly a Southern Pacific official.

On Tuesday next City Attorney McElroy, who has just returned from his vacation, will appear before the Supreme Court to argue the case against the city of Oakland obtained judgment against former Auditor Snow for \$1563 for personal taxes retained.

The case has been pending in the Supreme Court for more than two years. Snow maintained that he was entitled to the money as commission on the taxes collected. The court held that the salary of Auditor was all that compensation which Snow could draw or perform all his duties devolving on him in his official capacity.

**GOVERNOR TELLS OF TRIP.**

HE VISITED SIXTEEN STATES DURING HIS ABSENCE.

SACRAMENTO, August 4.—Governor Pardee has returned to the capital after an absence in the East of seven weeks. He is accompanied by his wife and daughter, Madeline and Florence. In response to a number of questions, the Governor said:

"I traversed sixteen States, and although I had a fine time, I am glad to be in California again, as, after all, this is the best State in the Union. I had a pleasant meeting and talk with the President. I did not ask the President to advise Secretary of Commerce and Labor Metcalf to withdraw his support from Senator Knowland in favor of Senator Luken for the Third district Congressional nomination. This is the first time I heard of such a thing. I did not know there was a fight on between the men. The question of the matter and my support in San Quentin prison was under discussion before I left. In the matter of the calling out of a company of militia in San Francisco at a time when it was thought there would be a strike by the street car men of San Francisco, General Warfield never consulted me about the matter and my knowledge about the matter is from what I read. He may have received his authority to act from the Mayor, General. However, General Warfield has power under the law to have companies called out for their armories and hold themselves in readiness in the case of a riot. The general could order the soldiers to quell the riot."

**WILL CONFISCATE PART OF CARGO.**

ARABIA WILL SOON BE RELEASED BY THE RUSSIANS.

VLADIVOSTOK, Aug. 4.—The prize court has decided to confiscate such portion of the cargo of the Portland and Asiatic steamer Arabia as was consigned to Japanese ports, namely 59,000 pounds of flour and the railroad equipment, this portion constituting less than half the bulk and weight of her cargo, the remainder consisting of 142,500 pounds of flour consigned to Hong Kong. The confiscated portion of the cargo is now being unloaded. As soon as this is completed the steamer will be released.

Having disposed of the Arabia, the prize court will now take up the case of the ships sunk, four Japanese schooners, a Japanese steamer, the Thea, and the Knight Commander. The Thea, according to the statements of her crew, was chartered at the opening of the war to carry contraband. She visited Moji, Japan, March 13th, and had since called at Kobe, Yokohama, Hakodate and other Japanese ports several times. The crew also said that the Japanese freighted twenty German and many more British and American ships with contraband.

**E. W. MARSTON VISITS HIS HOME.**

E. W. Marston, the capitalist, who for the past ten months has been an inmate of Lane Hospital, San Francisco, where he has been under medical and surgical attendance paid a short visit to his home, 1391 Webster street in this city, today. Mr. Marston is suffering from a complication of ailments, which is somewhat aggravated by his advanced years. He is now 74 years of age.

While somewhat enfeebled, Mr. Marston says that his surgeons entertain strong hopes of his regaining his strength but that some time must elapse before that will be accomplished.

**RESORT ON FIRE.**

PORTLAND, Ore., August 4.—A special from the Telegram from Seaside, Ore., states that the old Grimes Hotel, a resort on the Clatsop beach, was destroyed by fire today. A man named Applegate was badly burned and may die. The property loss will reach \$5000.

**WAREHOUSE IS DESTROYED BY FIRE.**

HOLLISTER, Cal., Aug. 4.—Warehouse No. 2 of the Lathrop-Hay Company was destroyed by fire today, causing a total loss of \$50,000. The net loss above insurance is \$21,200, of which \$10,000 falls on the hay company, the balance of \$11,200 is a loss to the farmers who had hay on storage.

**GONZALES ARE GRANTED DIVORCE.**

A decree of divorce was granted Mary M. Gonzales today from Henry Gonzales on the ground of cruelty. A division of the community property was agreed upon, whereby Mrs. Gonzales is awarded the custody of the child, the household effects at 716 Tenth street, and \$20 a month alimony, while the defendant is given the duty of business conducted by him at 115 Seventh street.

**SANTA CLARA PROPERTY.**

SAN JOSE, Cal., August 4.—The assessment of Santa Clara county this year aggregated \$53,470,000, being an increase of nearly a million and a half over last year. Notwithstanding this showing, Assessor Spitzer has been summoned by the State Board of Equalization to appear on the 18th inst. to show cause why the assessment should not be raised. Last year the board increased the Assessor's figures 15 per cent.

**ALEX BROWN DEAD.**

WASHINGTON, August 4.—Alexander Brown, formerly a brigadier general in the United States army, died here today at 77 years.

# PLEASED WITH THE TRIBUNE.

"Santa Cruz, Cal., August 3, 1904. "Oakland TRIBUNE: In behalf of the S. C. B. & T. C. Corps, allow me to express their thanks for the article, which appeared in yours of July 30th. It surely is a great credit to you and I am sure will do us a lot of good. I just tell you how I got rid of them, as you know the ordinary special additions of any paper, when sent as these were, generally find their way under the counter and only a few are ever sent out.

"I conceived the idea of posting bulletins in front of our bandstand at the Casino reading as follows: 'Visitors call at the Information Bureau and address one of the illustrated special editions of the Oakland TRIBUNE to your friends. We pay the postage. The result was that it took half a dozen of us to wrap them, and inside of an hour they were addressed by the visitors, going to all parts of the State. Today, we are using those sent to the Capitol Electric Railroad Company and have got the same bulletin out and we look for a rush this afternoon. This is surely the way to put out a special edition, and hereafter I shall always adopt this method.

# WILL HEAR SNOW'S CONTRACT FOR RAILROAD.

SUPREME COURT WILL LISTEN TO ARGUMENTS OF M'ELROY. EDSON ADAMS SIGNS CONTRACT WITH THE STONE COMPANY.

On Tuesday next City Attorney McElroy, who has just returned from his vacation, will appear before the Supreme Court to argue the case against the city of Oakland obtained judgment against former Auditor Snow for \$1563 for personal taxes retained.

The case has been pending in the Supreme Court for more than two years. Snow maintained that he was entitled to the money as commission on the taxes collected. The court held that the salary of Auditor was all that compensation which Snow could draw or perform all his duties devolving on him in his official capacity.

A contract for the grading of the new electric road to be built out to the Sather tract was filed today with the County Recorder. The instrument is signed by Edson F. Adams and others and the E. B. & A. L. Stone Company. The contract is for excavating the necessary amount of earth to make a nearly level track from Fourteenth street out across Adams' Point into Pleasant Valley.

The contract provides for the excavation of 34,000 cubic yards of earth at 35 cents a cubic yard which amounts to about \$12,000. All the work is to be finished by September 15th.

**FISCAL CAMPAIGN.**

LONDON, August 4.—Joseph Chamberlain reopened the fiscal campaign today, addressing a meeting of ten to twelve thousand persons from the surrounding agricultural counties in the Riding School of Welbeck Abbey, the seat of the Duke of Portland, near Worksop. Nothing was said, and explained in detail his food taxation plan.

**MRS. DELRICHS IS COMING.**

SHE IS EXPECTED IN SAN FRANCISCO NEXT MONTH.

SAN FRANCISCO, August 4.—Mrs. Hermann Delrichs is expected in this city in September and it is said that she will then make some final arrangements as to the leasing of the Fairmount.

Mrs. Delrichs will perhaps be some difficulty in securing a lessee. Several people have been mentioned as wanting to take a lease, but the objection raised is that Mrs. Delrichs positively refuses to furnish the hotel. The furnishing of the Fairmount would cost over \$100,000.

This is said to be a conservative estimate, as in hotel like the Fairmount nothing but the most expensive furniture can be used.

The Palace Hotel once entered into negotiations with Mrs. Delrichs, and at one time Colonel Kirkpatrick was willing to take charge, but refused positively when he learned that the Palace people would have to do the furnishing.

Mrs. Delrichs, it is said, is now in communication with the St. Francis management.

The outside work on the Hotel Fairmount is practically completed. The interior finish is to be commenced immediately and the work will be pushed as rapidly as possible.

Reid & Reid, the architects, said this morning: "We are going to commence on the inside work on the Fairmount at once and it will take us a full year to finish it. The outside of the building is finished, and though there probably will be some little finishing touches to be made, that will not take much time."

# NEW DECISION ON ARE MARRIED AT LAST.

**DIFFERENCE IN THE LAWS OF COUNTIES MAKES CONSTATES HOPEFUL.**

A second decision handed down by the Supreme Court in regard to the fees of constables and justices of the peace, apparently opposite to the one rendered declaring that part of the County Government Act unconstitutional, has been made by the Supreme Court and it is now the belief of the officials in this county that so far as Alameda county is concerned they are safe from the decision declaring they must be paid for the actual work done. The new decision has not been received here as yet, but Justice of the Peace James Quinn had the decision read to him over the telephone this morning and has the following to say in regard to the subject.

"While the decision rendered a short time ago in a case appealed from Fresno county seemingly was a warning enough to place us all back under a free system, a second decision has been rendered upon the same question appealed from Alameda county. In the case from Fresno a justice was asked fees, in the case from Alameda a justice wanted his salary. Both won their points. The discrepancy, however, is not as real as it apparently is.

"The last San Francisco says that justices and constables are to be paid fees for what they do, not to exceed \$50 a month. A man there receives a regular compensation until his fees reach \$50 then it stops. This is in keeping with the general law which says laws must be uniform. The case in Alameda county is very much like our own. They have been on a salary system but were compelled to accept fees for their services and a case was appealed and the appellate won.

Under the County Government Act every county in the State is to be governed by itself made so by the difference in population. Each county may have a different law but being in a class by itself, the law must be uniform in that class. This is the reason for the different one. Our law resembles the Alameda law and it is likely that we will be paid our salaries while the Fresno men get their fees."

**BECAUSE PARDEE LOST.**

MATT M'GINNESS SAYS IT HAS MADE HIM A BUNCH OF TROUBLE.

Just because Governor Pardee, when he was running for that high office, was defeated in the precinct presided over by Jack Denahy and Matt McGinness, the latter cannot move a house from the corner of Third and Clay streets to a lot he owns on Adeline street between Fifth and Seventh streets. At least this is the version of a matter which will be aired before the Board of Public Works this afternoon. The entire neighborhood is interested in the matter and a fierce session is anticipated.

McGinness explains the disturbance in this manner:

"I bought a four-roomed house on Clay street and was going to move it to my lot on Adeline street. Denahy would not let me. He got signatures enough to prevent me from moving my house onto my own lot. I was ready to spend \$1000 on the house and make it a fine modern cottage. I was going to live in it myself.

"Now I was for Supervisor Joe Kelley when he was running for office. I am for Pardee but not so strong. That was a labor union precinct and Pardee was not popular. So I swung all of my strength to Joe Kelley who carried the precinct by eight votes.

## Not a Great National Issue

A good deal more importance is being attached to the case of Miss Abigail Robertson of Rochester, New York, than the case warrants. As a campaign issue, Miss Robertson's grievance is a distinct failure, and the newspapers that are holding her up as a person injured by Judge Parker are in a foolish and petty business.

Judge Parker, in common with the other judges of the New York Court of Appeals, decided that the right to print the picture of a person was as unrestricted as the right to print pen portraits. This is a right that is as fundamental as free speech, and is one which the very newspapers that are making themselves ridiculous over the imaginary woes of Miss Abigail Robertson would fiercely resent curtailment of. Had Miss Robertson's contention been sustained, no publishing in New York could print the portrait of any person without obtaining special permission to do so.

A great many people object to having their pictures printed in the papers, but they cannot prevent it because it is neither a libel nor a caricature. They might as well object to people looking at them on the street or claim that publishers have no right to print written descriptions of them.

The facts are that Miss Abigail Robertson, who is blessed with a beautiful face and a perfect form, had her picture used by a milling firm in a lithographic advertisement of their wares. Her name was not used, however. The goods advertised were entirely reputable, and the likeness was excellent; there was nothing improper or suggestive in the pose or the attitude. The picture was simply a copy of a photograph of Miss Robertson. She could not claim that it libeled her, exposed her to ridicule, or in any way misrepresented her person or character.

Ethically, the milling company abused a legal privilege. It committed a moral offense, and was guilty of a breach of good manners, but the law does not deal with purely moral and ethical questions nor with social amenities. Unless Miss Robertson could show that she was damaged, libeled, caricatured or misrepresented to her injury, she had no remedy at either common law or under the statutes of New York. The court so decided. Judge Parker wrote the decision, but it simply lays down a principle that is as plain as a pikestaff.

Miss Robertson did not bring suit to recover damages for libel or other injury caused by the use of her picture. She simply petitioned for a writ of injunction to restrain the defendants from printing her picture. She did not claim to have suffered damage, made no effort to prove damage, but claimed that her personal rights were being invaded. So they were, morally, but not legally. The writ of injunction is to be exercised only to prevent damage or injury. Its exercise is not permissible save upon a prima facie showing that damage is about to be committed for which the law provides no other recourse or compensation. In the Robertson case no allegation was made that injury had been sustained, for that would have entailed an action at law to recover damages. No allegation that injury would ensue from the use of the picture, because the picture having already been used, the injury would already have been incurred, again compelling an action at law for damages. It is a fundamental principle of the law that he who suffers no injury can have no remedy. Having claimed not shown no injury, Miss Robertson indubitably had no remedy, still less a remedy against an act which was not even alleged to be an injury in the legal sense, however much it may have offended Miss Robertson's pride.

The matter has been treated at some length, not to defend Judge Parker, but to point out the folly of picking up trifling side issues on which to fight a Presidential campaign. The ruling in this petty case has no bearing on national politics; its exploitation is therefore idle and distracting. As a Presidential candidate, Mr. Roosevelt is to be preferred because he is an executive of tried worth, capacity, courage and independence. Judge Parker has made an excellent record on the bench, but we do not know what he would do in the Presidential chair. We do know that the influences which secured his nomination are now promoting his candidacy are sinister. The policies for which his party stands are defective where they are not mischievous or wholly bad. The platform on which he stands is insincere and evasive in parts and declares for a destructive war on American industry in one. The record of Judge Parker's party is bad; the record of President Roosevelt's party is good.

Thus we have a tried candidate and an admirable party record on one side, and an untried man and a bad party record on the other. The common sense voter ought to be able to decide between the two without having to study Miss Abigail Robertson's picture or examine the merits of her private grievance. This is a campaign of vital national issues and not a contention of petty personalities.

The country will learn with pleasure that Senator Hoar is not so ill as has been reported and is rapidly recovering. His death would be a national loss. Senator Hoar is the embodiment of the New England conscience. He invariably throws a moral sidelight on every public question. Although a vigorous partisan who votes regularly with his party, he never fails to file his protest when he thinks the strict line of rectitude has been violated from. He is frequently out of tune with Republican measures, but he cannot go with the opposition because he utterly distrusts the Democratic party and is unable to sympathize with the Democratic view. He is an odd mixture of broadness and narrowness, a compound of missionary and politician, of shrewdness and childlike simplicity. He is absolutely honest and thoroughly kind-hearted, and he inspires the respect that is always paid to a man who is dominated by conscientious scruples, which he is absolutely fearless in maintaining.

The report General Zassaulitch sent to the Czar conveying the intelligence of his defeat is a fine specimen of humor. He says "the battle began under the most favorable auspices for us." He continues:

"The beginning of the fighting showed the superiority of our artillery over that of the Japanese. Not only did our batteries silence the Japanese guns previously in position and prevent them leaving their positions, but the batteries sustained no loss and were able to develop their 'fire at leisure.' He adds that the Russian troops 'stood firm' and repulsed all attacks." But suddenly he announces that the Russians retired from center and both flanks with heavy loss. The Japanese drove in the right wing, capturing six guns. They also routed the left wing and captured four guns. He naively remarks that the Japanese artillery enfiladed his guns and destroyed his battery. Then he recounts a glorious and successful charge against the Japanese, and concludes with this statement: "At 7 o'clock I received an order to retire toward Haicheng." It seems that he kept retiring after he got to Haicheng, losing about 1000 of his rearguard that did not retire fast enough to escape the Japanese. Doubtless the Czar finds much satisfaction in perusing General Zassaulitch's dispatches from the front.

Few will dispute that a girl of fifteen is too young to marry, but when she remains a wife and waits till she is eighteen before realizing her mistake, the case becomes different. Any old excuse suffices these days for taking the road to the divorce court—and to another mate.

## The Bond Issue Submitted.

The City Council has fixed the date of the bond election for September 27th. This will bring it early enough to prevent it clashing with the campaigns of the political parties. It will also be held at a time when all the voters are returned from their summer vacations. It was unfortunate that the election could not be held in advance of the vacation season, but that is no reason why the bonds should not be carried by a large vote.

Examined in detail, the scheme of public improvements presented by the Council is admirable. It provides for an expenditure of \$2,518,000, but the expenditure will be so distributed that every part of the city will be directly benefited and beautified. The dominant feature of the improvement scheme is, as it should be, a comprehensive park system, which, when completed, will make Oakland one of the most attractive cities in the world. The improvements projected around Lake Merritt will make that sheet of water the most perfect water park in America. By parking the mud flats below and constructing boulevards along the shore of the lake will be made a dream of beauty.

The Polytechnic School will admirably supplement our splendid system of public schools, and the projected sewer and crosswalk improvements will promote the public health and remove from the streets a blot on the city. Too much cannot be said in favor of the erection of a new City Hall in the center of a public square, that it may have a spacious setting and its architectural beauties given an effective foreground.

Not one of the projects named in the improvement scheme is open to serious objection. If they are all carried out, Oakland will, indeed, become the City Beautiful. Now that the Council has completed its labors and submitted to the voters the results of long and laborious study, it is to be hoped that every public-spirited citizen will make the success of the bonds a personal matter. An organized canvass should be at once commenced and prosecuted with the utmost vigor till election day. On no account should this improvement scheme, devised with such long and careful deliberation, be permitted to fail. The motto should be, Altogether for Oakland!

The attempt to justify British treatment of the Boers by speculating on the source of Paul Kruger's wealth is characteristic. English. By the same token, the invasion of Tibet has been excused on the ground that the Tibetans are dirty, superstitious and unprogressive. It is a British habit to give those whom they desire to plunder a bad name. Neither the moral nor the civil law has ever sanctioned the theory that the virtuous have the right to rob the vicious, however.

## Hints for the Ladies.

Every girl who cares for the purity and beauty of her complexion should be on intimate terms with one of nature's best remedies for half the ills that flesh is heir to, namely, the lemon. It is the simplest and best cure for muddy complexions and skin eruptions.

Many people believe in taking an orange every morning. It is good, but it is not so good as the clear acid of the lemon, although more palatable. The clear juice of one lemon, carefully squeezed into half a tumbler of cold water, should be taken every morning by the summer girl.

Knitting stockings is declared by specialists in the treatment of rheumatism to be a most helpful exercise for hands liable to become stiff from the complaint, and it is being prescribed by physicians because of its efficacy. For persons liable to cramp, paralysis or any other affection of the fingers of that character, knitting is regarded as a most beneficial exercise. Besides, the simple work is said to be an excellent diversion for the nerves and is recommended to women suffering from insomnia and depression.

For a sick room take a full handful each of wormwood, sage, lavender, rue, rosemary and mint and place in a stove crock, pouring over the mixture a gallon of good cider vinegar. After this has been kept tightly covered for four days, strain and add to it an ounce of powdered camphor gum. This should be kept in a well-corked bottle and when needed will impart a most refreshing aroma to a close room and is also excellent to use on the face and hands before going near an infectious disease.

One may wash the face with cold cream and this is often an excellent thing to do. When it is used for this purpose it must be well rubbed in and then left on the face for five or ten minutes before being wiped off with a soft cloth. Old handkerchiefs are the best cloths possible for this. After wiping the face thoroughly dust with face powder to cover the skin. Do this before going out for a day's trip on wheel or boat and the skin will be so protected by the oil that it will not burn. If the face is covered with warm cloths for a minute

or two before applying the cold cream it cleanses better.

An old French recipe directs how to make an almond cream that cannot be sold in the market because it spoils too soon. When using it the pillow should be protected. Take four ounces of sweet almonds and blanch them, then reduce them to a powder by rubbing smooth add the yolks of three eggs, mix well and thin with half a pint of rich milk or cream. Boll like a soft custard, when it really is, and stir constantly while cooking. As soon as it is thick, remove and flavor with whatever perfume one likes. This must be sealed while hot and kept in a cool place. It will be found very pleasant to the skin and is a rich skin food.

If you see a person with a scarred face to be excused, don't think necessarily that she has been out on a bender. It is quite likely to be the appendicitis and the result of an examination for appendicitis, for, perhaps, on the theory of extremes meeting, the blood test is made from the ear. It is one of those things past the lay mind to understand, but when rumors of appendicitis are in the air, a woman comes a specialist, gets a sharp instrument into the lower part of the lobe of the ear and departs triumphantly, bearing a drop or two of red blood and leaving the patient looking as though a friendly puppy had been doing a little chewing of her organ. That drop of blood seems to be to a specialist what the tongue is to a general practitioner and, after putting it through tests known only to his profession, it more than once leads the patient straight to the operating table.

## SPEAKS FOR THE ARCHITECTS.

HENRY A. SCHULZE WANTS BOARD OF EDUCATION TO MAKE RULES.

San Francisco, August 5, 1904.

EDITOR TRIBUNE: Permit me space in your esteemed paper to correct an unjust and unfounded impression which the head lines of an article appearing in your issue of August 1st, will have a tendency to create as to the position of the architects in reference to the conditions governing a proposed competition for new school houses issued by the Board of Education of the city of Oakland.

The architects do not ask greater remuneration. The percentage offered to the successful architect is in accordance with usage and entirely satisfactory to the profession. The architects simply ask the Board of Education to formulate a series of conditions that shall be fair to the profession without the possibility of discrimination in favor of one and against another, and as the granting of this request will work entirely to the interest of the city of Oakland, I feel that they should have not alone the moral but also the active support of the citizens of Oakland in this request.

It is claimed that the Board of Education is acting under a law in this particular. Without going into the legal merits of the question, the architects want to point out that the law as now enacted is in direct conflict with the law and with the constitution of the state, and that the architects ask that it be repealed and a new law be enacted which will be reasonable and just.

As a citizen of Oakland, I contend that every inducement should be offered to insure that the work of the architects is done in a satisfactory manner, and that the profession enter this competition. The conditions, as drawn, will have the contrary effect, and as much as a series of plans as required in the competition means great labor and expense to each and every participant in the competition, there should be, as is customary, two additional premiums offered for the second and third most meritorious designs. This is not contrary to the law and as a business proposition it is sound sense, which will be recognized by any business man, with but one chance of being partially reimbursed for the labor and trouble expended, no man of standing and dignity in the profession can afford to participate in this competition, and with the other conditions modified.

The time allotted for these plans is altogether too short and incommensurate with the importance of the work to be performed. We as architects request sufficient time to do this work.

The San Francisco Chapter of Architects has offered the services of a committee to the Board of Education, free of expense, to aid in formulating a series of conditions which will be acceptable to the profession, and as this can only result to the benefit of the city of Oakland, I feel that this should be granted and that the profession should have the strong support of the good people of Oakland to improve conditions that as now formulated may be extended to a direct detriment to the detriment of Oakland.

In all of this there is no intention or desire to reflect in any way on the Board of Education or on its present constituted, but the personnel of the Board of Education may change and we, therefore, desire rules that will govern all alike without the charge of miscarriage of justice.

HENRY A. SCHULZE.

# JAPANESE WON HOT FIGHT WITH THE ENEMY.

## Russians Were Compelled to Beat a Hasty Retreat—Story of the Battle.

GENERAL KUROKI'S HEADQUARTERS IN THE FIELD, July 18. (Via Radio) delayed in transmission.—From later information yesterday's engagement proved to have been more general and more important than could be appreciated by observers at Motien Pass, whose vision of the field was bounded by high hills guarding both sides, and whose reports were written before the Japanese pursuit of the Russians down the valley was ended.

Today it is impossible to describe accurately some of the most important features of the fight, because the number of the Russian troops engaged can only be estimated from their regimental insignia on their uniforms, and the conflicting stories told by prisoners, who censorship prevents giving a number of organizations present on the Japanese side. It is believed that seven Russian regiments participated in the battle, to which were opposed at the most of a brigade with one or more additional battalions of Japanese troops.

The hardest fighting was done on the right of Motien Pass, in the valley approaching the Japanese line of defense, which lay between high wooded hills. Russian contingents consisting of a regiment or more, attempted by advancing through the valley to gain the Japanese position by a flanking movement or from behind the pass, but were repulsed after an action lasting until sunset, when the Japanese troops abandoned pursuit and the Russians withdrew to a position on the left of the valley, where they attacked the Russians on their flank, menacing their rear and line of retreat.

On the morning of July 17th, the Japanese outpost line protecting Motien Pass was entrenched on the lower ridge, where the fight occurred on July 14th, with a few pickets stationed ahead. Major General Okazaki, expecting an attack, had ordered the outposts to be confronted by superior force, to withdraw to the main line of defenses on the highest ridge, where the pass was the narrowest. The outposts discovered a company of cavalry and a large body of infantry advancing in the darkness at about 230 a. m., and retired according to instructions.

When firing began about 5 p. m., the Russian line facing the Japanese trenches was more than mile and a quarter long. They occupied Motien Pass and the road leading directly right to Motien Pass, the road being nearly parallel with the Japanese position for a few hundred yards, with a deep chasm a quarter of a mile across at the widest, separating the two forces, also a wooded hillside in front of the pass.

The firing along this line was severe for more than four hours, comparatively few Japanese being hit. The Russians were unable to employ artillery here, although they were using a battery in another fight on the right, and afterwards in the valley during the retreat. They fired a few shots.

The fog lifting at 7 a. m. enabled a Japanese line of observation to be taken, the attacking force effectively. The Russians later began to retreat when the Japanese threatened their line of retreat, which was still further endangered by the advance of another detachment of Japanese on their left.

The Russian officers had collected their companies to retreat in close formation, as usual, making themselves splendid targets, their dark coats forming huge blotches against the brilliant green shrubbery. Several shells burst among the retreating troops, scattering them into temporary confusion, and as the Japanese trenches saw a dozen men mowed down by a single shell they stopped shooting and loudly shouted "Banana!"

From 10 a. m. until noon the Russians slowly and doggedly retreated down the valley gathered in close, solid bodies with rear guards deploying to cover their retreat. The shrubbery was so dense with frequent clumps of trees to furnish cover, that rapid pursuit was impossible. No matter how sorely pressed the Russians maintained their formation with admirable discipline. Some prisoners taken said that yesterday, during the anniversary of the taking of the Schuwa Pass, a lucky day in the Russian calendar, the soldiers had entered the fight in the highest spirits confident of victory, and as European troops determined to prove their mettle.

It was evident that the Russians expected to occupy the pass, because they had struck their tents and packed all their camp baggage in wagons long trains of which followed the army. Yesterday the pass was hot and the wounded of both armies suffered fearfully lying in the sandy cornfields between the lines. Many of them spent the night undiscovered and unaided in the woods or underbrush, and the work of searching for them continued today. Burial detachments are busy and wounded men are arriving at the hospitals. Comparatively few unaided prisoners were taken. The Japanese and their own forces whose white-covered ambulances were seen surveying about within their lines all day.

Tonight no Russian camps were visible from Motien Pass and the Japanese troops have undisputed possession of the valley.

**DEAD ON THE BATTLEFIELD.**  
TOKIO, August 5, 11 a. m.—The Russians left 700 dead on the battlefield at Simou-Cheng and the Japanese casualties during the same battle aggregated 800.

The Japanese captured six guns at Simou-Cheng and two guns at the engagements which took place at the Yang Se and Tshulintai.

## RUSSIAN CREDIT BADLY SHAKEN.

NEW YORK, August 5.—The first effects of the war in the Far East are beginning to be felt on Russian credit at home, which is already considerably shaken, says a Russian correspondent of the Times.

In the first place, many important orders for military stores are not being paid for with ready money but by bills of two years date. Moreover, although the amount of paper money issued is stated officially to be not more than \$60,000,000, it is believed that the sum is three or four times as large.

Russian credit, both at home and abroad is based entirely on the presence of a large gold reserve, and the government is striving to keep gold in the country. The moment it begins to flow out the national credit will collapse.

Already it is declared to be doubtful whether the Imperial Bank will discount bills on the Nizhni Novgorod fair this year as it has always done before, for everything in the business world is now very uncertain and the bank wishes to run no risks.

## SOCIETY GIRLS ADRIFT IN BOAT.

BOSTON, August 5.—Four society girls of Marblehead have been picked up in their sailing dory off South Breakers, Marblehead coast, after being adrift in the fog over twelve hours. They had anchored off the breakers in despair, after trying to set a course for home.

All the girls are expert yachtswomen and had entered their boat in the day class for the Corinthian Yacht Club's misummer races. A dense fog set in soon after the races started, and the girls' boat was not to be found.

When the dory did not come by nightfall an alarm was given and boats put out in search. At 10 o'clock the girls' boat was sighted skirting the South Breakers where the girls, who were not at all frightened by their experience.

**ACCEPT CREDENTIALS.**  
NEW YORK, August 5.—The trustees of the Rhodes scholarships have accepted the credentials of Warren Ellis Schott, of Cornell University, who was appointed as the Rhodes scholar from New York at a meeting of the committee on award held recently at Columbia University. Mr. Schott is a member of the English College. While at Oxford he will specialize in history and international law.

# NEWS OF THE LODGES.

## LOCAL ORDERS PLAN MANY SOCIAL EVENTS FOR THIS MONTH.

### OAKLAND HIVE, NO. 14.

After the review last Friday evening, during which time the regular initiation was held, the ladies were treated to a melon feast by the committee in charge. As the evening was quite warm the refreshment was welcomed by all.

Next Friday, after the regular review, the funeral benefit members will hold a meeting, at which time final arrangements for carrying on this work will be made. The presence of every member is requested at this meeting.

The guards will meet at 7:30 o'clock p. m. on the 12th for their first after-va-cation drill.

**THE AMERICANS.**  
The Order of the Americans is having a wonderful growth. Although the order is only three months old, the number of new assemblies instituted during the month of June at San Francisco, Oakland, Los Angeles, Guerneville, San Jose and Santa Cruz, is a fact that the plan of the order is meeting with the approval of the people.

Lincoln Assembly will be instituted at Santa Helena, Calif., on August 11. A charter list has been secured, consisting of many of the business men of the town and a bright future is assured for this new assembly. Dr. M. M. Rowley is the local medical examiner and is taking a warm personal interest in the Order of the Americans.

Oakland Assembly, No. 2, is growing rapidly, a number of candidates being initiated every Wednesday evening. Doctor General Lewis reports progress all along the line from the various towns in California and a large increase in the membership is anticipated during the closing months of the year.

The San Francisco assemblies are having a large attendance through their efforts to entertain the members. The Oregon Assembly, No. 3, recently gave a social dance, which was a decided success. California, No. 1, will open a social hall with a dancing platform and dance, making it the initial entertainment for the fall and winter season.

**GOOD TEMPLARS.**  
The noted speaker and well-known temperance orator, Captain C. W. Dutton, will devote the intervening time until the coming session of the grand lodge to this district.

A series of meetings has been arranged for in Berkeley, beginning next Sunday evening to August 15th inclusive. The lectures will be conducted at the Friends' Church, on Haste street, near Shattuck avenue, and a large attendance is anticipated, as the captain is a popular and energetic organizer, who enforces those who listen to him.

Oakland Lodge, No. 162, will install a well selected and competent set of officers on next Friday evening and initiate some candidates.

**FOUNTAIN LODGE, NO. 198.**  
Fountain Lodge, No. 198, I. O. O. F., held a meeting last Monday, August 1, which was particularly interesting. After the disposal of business, the routine business of the lodge was duly conducted by the new team in a very creditable manner. Dr. J. M. Price, who has charge of the hall, has rated it not only artistically but symbolically of the degree, with which the new paraphernalia made it more than usually impressive. The lodge is now in a position to receive and refer to the committee to be considered at the next meeting. Special committees on S. G. L. parade and a banner reported everything O. K. for September 23.

**WOODMEN OF THE WORLD.**  
Athens Camp fired the first gun for a three months' campaign at the last regular meeting. State Organizer Clancy and Manager Saunders were present and told the neighbors what was wanted. The way our boys warmed up reminded us of a regular old fashioned family reunion. It was decided that Athens Camp initiate a new team of two candidates and in order to make themselves lively Neighbor Belbridge and Ramsey were elected captains, and each chose sides, one to be known as the Stubby Pullers, the other as the Knot Punchers. These teams will roll in the candidates. The winners will be decided by the losing team at the close of the contest. Each team has a good life captain. A corner sharp and in the end the knot punchers will win. The losing team will be the Knot Punchers. The winners will be the Stubby Pullers. The losing team will be the Knot Punchers. The winners will be the Stubby Pullers.

**OAKLAND CAMP NO. 94.**  
Oakland Camp, No. 94, is wide awake. The boys have a new team of two candidates and the applications are falling on the clerk's desk at every session of the camp. The famous degree team of Mason Camp of San Francisco will come over and show the new team the candidates on the other side of the bay. Neighbor McConnell, the genial assistant clerk of "94," is making every effort to keep the camp in the best of order. He has five to his credit in the past week and has several more in the pipeline. The officers have promised to make each session of the camp lively from now on.

**GOLD TREE CAMP.**  
Out in Golden Gate City, the boys of Bay Tree Camp are rolling up a good class of candidates to be initiated by the officers and team of Forest Camp. The date will be some time in September. The applications have already been taken. Organizer Saunders was with us Tuesday night and addressed the camp. The neighbors are invited to come and witness the initiation. They will make it a Bay Tree Camp will soon have a 25 degree team.

and expect to furnish plenty of amusement after the regular sessions.

**OAKLAND LODGE, K. OF P.**  
Oakland Lodge, No. 63, Knights of Pythias, is looking forward to its meeting this Thursday evening, the occasion being an official visit from the grand prelate of the domain of California, Bro. M. L. Short of Hanford. All members of the lodge are expected to be present. There are rumors that there will be something doing. It will be followed by a special convention of Alameda Council, No. 1, of the Grand Orient.

**FRATERNAL BROTHERHOOD.**  
Oakland Lodge, No. 124, of the Fraternal Brotherhood, held its regular business meeting last Thursday in Lower Maple Hall, with a large attendance. There were four candidates initiated. After some little discussion on some important matters the lodge closed in its usual way. This being a social meeting only members were admitted to the upper hall to dance and play cards.

On Wednesday evening the lodge gave a trolley ride and dance to the music and lights of this way to make a successful entertainment ever given by the lodge. The cars, five in number, started from Thirteenth and Franklin streets at 8 o'clock sharp and by 9 o'clock were at Lorenzo Grove, where they danced until 11:30 p. m.

The Thursday night is the regular open meeting and the members will invite their guests as usual. If those wishing invitations may secure them from the members by paying five cents at the door before entering.

**WHIST TOURNAMENT.**  
Golden Gate Lodge, No. 78, Daughters of Saint George, will give a whist party in Gier's Hall next Tuesday evening. The committee in charge are working very hard and hope to make this one of the most successful parties of the season. Handsome prizes have been secured and tickets are only twenty-five cents. Playing will start at 8:30 p. m. sharp.

**PIEDMONT LODGE, K. O. F.**  
Piedmont Lodge, No. 72, will entertain the grand lodge, Brother Short, next Monday night. Initiation will have been extended to sister lodge and to the uniform rank, and a general good time may be looked forward to. It has been rumored that Grand Chancellor Burns would be present. Such a determination in the case, notice of the same will appear in Monday night's paper.

**VETERAN LODGE, I. O. G. T.**  
Veteran Lodge, No. 7, I. O. G. T., held an interesting meeting Monday night. Several members of the district executive committee were present and made some timely and appropriate remarks, followed by Captain Dutton, who gave a rousing speech full of advice and encouragement. The officers for the ensuing term were installed by State Deputy A. H. Southwick and entered upon the discharge of their duties with a full determination to make this a profitable and interesting term.

Veteran Lodge appoints a committee to secure a hall, which is to report next Monday evening. The committee has had the offer of a hall and the choice is to be made by the members, who should be present. There will also be several initiations and other important business.

**ELKS TO PA' VISIT.**  
Tomorrow evening the members of Oakland Lodge will visit the members of Elks Lodge, No. 3, and the degree will be conferred on twenty candidates by the officers of Oakland Lodge. It is the wish of the officers that all members who could attend and assist in the work. Train leaves Fourteenth and Franklin streets at 7:30 p. m. sharp. Bring your membership cards.

**KNIGHTS GIVE BANQUET.**  
One of the most successful and enjoyable evenings in the history of Liberty Company, No. 11, I. R. K. of P., was given on the evening of July 28 at Woodman Hall, 521 Twelfth street, it being in the shape of an "at home," followed by a banquet.

It was strictly a company affair, being limited only to members, their families and the wives.

The first number on the program was an exhibition drill of the company, which was splendidly executed under the able control of Captain A. C. Partello. Upon the conclusion of the drill, Col. George Samuel, on behalf of the members, made a few very appropriate remarks. At a given signal, Mrs. E. C. Hahn, accompanied by Saper's orchestra, rendered a most beautiful and stirring patriotic song, "Columbia, the Gem of the Ocean." At the commencement of the second verse the inner door was opened and in walked Mrs. A. C. Partello and Mrs. A. G. Mitchell, carrying a beautiful flag of our country.

At the conclusion of the song the flag was duly presented to the members of the company, which was a surprise throughout and was the gift of the officers. The officers of the company, Col. George Samuel, officiating as master of ceremonies.

The flag was a beautiful piece of handkerchief of red, white and blue and fringed with gold fringe, with gold fringe, cord and tassels, the stars and all other work being in handwork of Col. George Samuel, I. R. K. of P., E. C. Hahn and Mrs. A. G. Mitchell.

The pole, on top of which was mounted the American flag, was made of wood and was the masterwork of Captain A. C. Partello.

The grand march led by Col. George Samuel, who was followed by the ladies, was a most beautiful sight. A splendid menu was enjoyed prepared under the caterership of Col. George Samuel, as toastmaster, performed his duties in his usual efficient manner.

Records were had from E. G. C. Judge T. Buckles, Major M. A. Muehlenbruch, Captain McAlvaine of Indiana, P. G. Chief William Samuel, M. C. Hahn, Captain A. C. Partello, Captain A. C. Partello, Lieutenant E. C. Hahn and others, interspersed by the toastmaster.

## FIBROID TUMORS CURED.

Mrs. Hayes' First Letter Appealing to Mrs. Pinkham for Help:

"DEAR MRS. PINKHAM:—I have been under Boston doctors' treatment for a long time without any relief. They tell me I have a fibroid tumor. I cannot sit down without great pain. I have bearing-down pains both back and front. My abdomen is swollen, and I have had flowing spells for three years. My appetite is not good. I cannot walk or be on my feet for any length of time.

The symptoms of Fibroid Tumor given in your little book accurately describe my case, so I write to you for advice." (Signed) Mrs. E. F. HAYES, 252 Dudley St. (Roxbury), Boston, Mass.

**Mrs. Hayes' Second Letter:**  
"DEAR MRS. PINKHAM:—Sometime ago I wrote you describing my symptoms and asked your advice. You replied, and I followed all your directions carefully, and to-day I am a well woman.

"The use of Lydia E. Pinkham's Vegetable Compound entirely expelled the tumor and strengthened my whole system. I can walk miles now. 'Lydia E. Pinkham's Vegetable Compound' is worth five dollars a drop. I advise all women who are afflicted with tumors or female trouble of any kind to give it a faithful trial." (Signed) Mrs. E. F. HAYES, 252 Dudley St. (Roxbury), Boston, Mass.

—\$5000 forfeit if signed of above letters proving genuineness cannot be produced.

11, to which all responded with a hearty good will.

**SILVER STAR LODGE.**  
Silver Star Lodge, No. 11, A. C. U. W., will have its first initiation of the new term this evening with their new set of officers, all of whom are capable of performing their duties.

**BEN HUR COURT, NO. 12.**  
Ben Hur Court, No. 12, held its regular session Tuesday evening at Magnolia Hall, 1203 1/2 Seventh street.

Three candidates were initiated by the officers in such a creditable manner that it called forth many words of praise from the visitors and members.

Right applications for membership were presented.

Merritt W. Voris, the State manager, Frank A. Glover, district supreme chief, and C. E. Ross, the State organizer, were present and promised many more for the next meeting.

The work of boosting which is sweeping over Oakland is felt in the Ben Hur Court and committees from Courts No. 6 and No. 12 are working with Ben Hur Court, No. 12, to boost the Ben Hur order still more in Oakland. It is very strong and popular in the East, and its popularity is growing here.

The members of No. 12 were delightfully surprised by a large delegation of members from Mizpah Court, No. 4 from Berkeley and No. 1 of Oakland.

Ben Hur, No. 12, will give another of its excellent entertainments and dances the 30th of this month. A large number of prizes are offered and each one purchasing an admission ticket stands a chance of securing one of them.

ADVERTISEMENTS.

The Japanese tea to be given at Loring Hall, Eleventh and Clay streets, by the ladies of Lyon Relief Corps Tuesday afternoon promises to be a very enjoyable affair. The committee in charge is untiring in its efforts to furnish an interesting program for the Japanese girls from the school in San Francisco and their teachers will tell of the customs of their people. Tea will be served by ladies in costumes and the proceeds will go to the relief fund.

**CALANTHE TEMPLE, NO. 6.**  
Calanthe Temple, No. 6, Rathbone Sisters held its regular meeting last Friday evening at Temple Hall. One application for membership was received. The members of the drill team are practicing for initiation, which takes place Friday evening. On the following Friday evening Calanthe Temple will give a leap year dance. This is the beginning of some of the good social dances to be given during the term. Members are especially invited to attend. The attraction committee has some form of amusement every meeting.

**KNIGHTS OF THE MACCABEES.**  
The last review of Argonaut Tent, No. 3, K. G. P. M., on Tuesday last was very entertaining. A large attendance was present to witness the initiation of candidates. Next Tuesday evening, the 9th inst., the Oriental degree will be conferred on a large class by a crack team from the K. of P. and it is urgently requested that all members be present to receive the degree.

**REBEKAHS.**  
Last Wednesday evening, Golden Link Rebekah Lodge, No. 105, held its regular weekly session in Masonic Hall, Fruitvale. Quite a large representative body of visiting Rebekahs were present. The district deputy president and her staff of officers were present to finish the installation of the following officers: Vice-grand, Maggie Titman; right supporter of vice-grand, Julia Fuller; left supporter vice-grand, Alice Hoover; left supporter noble grand, Ernestine Welch. After which lodge was closed and the doors opened to a few friends who, in connection with Golden Link, tendered Brother George H. Brevoort and his bride a reception in honor of their recent marriage. After all had repaired to the banquet-room, where a bountiful supply of good things were in waiting and enjoyed by all. Sister Welch was called on for a few remarks, and in behalf of the lodge, presented the bride and groom with a beautiful solid silver butter dish and knife, which was received and accepted by both with appreciation. At a late hour all departed wishing the bride and groom happiness and prosperity. Next Wednesday evening Golden Link will initiate two candidates, at which time visiting Rebekahs will be welcome.

**SKIN DISEASES**  
The Outcropping of Bad Blood.  
While not always painful these are aggravating beyond expression. With few exceptions they are worse in spring and summer, when the system begins to flow out and the poisons that have accumulated during the winter months. Then boils and pimples, rashes and eruptions of every conceivable kind make their appearance, and Eczema and Pteritis—the twin terrors of skin diseases—Nettle Rash, Poison Oak and Ivy, and such other skin troubles as usually remain quiet during the cold weather, break out afresh to torment and distract by their fearful burning, itching and stinging. A course of S. S. S. will purify and enrich the blood, reinforce and tone up the general system, and carry off the bodily impurities through the proper channels. The skin, with good blood to nourish it, remains smooth and free of all disfiguring eruptions. ## HAPPENINGS IN ELMHURST.

### PERSONAL ITEMS AND NEWS OF A GENERAL CHARACTER.

**ELMHURST, August 5.**—Mrs. Nelson Beck and children of Sacramento and Mrs. Dugan and daughter, Miss Birdie Dugan, of Oakland, were recent guests at the home of George Dugan on Mountain View avenue.

A number of young people from this place spent Sunday at Bolacere. The following made up the party: Mr. and Mrs. R. M. Tutt, Misses Mae, Isabel and Anna Soares, Joseph D. Soares, Albert Dain of Elmhurst and Miss Binné Paulson and Mr. and Mrs. Davis of San Francisco.

Mr. G. Collins, formerly of Elmhurst, but now a resident of Fruitvale, visited friends here yesterday.

Rev. E. E. Clark's brother, Dr. Clark, who has been visiting at the former's home for some weeks, returned yesterday morning to his home in the East.

Miss M. Perry went to San Francisco yesterday to meet relatives from Trinity county, who are now visiting at her home here.

**BROKE AN ARM**  
Mrs. A. Jones of Jones avenue, while passing Gray's drug store last Tuesday, tripped upon a wire door mat and fell, breaking her arm. She was attended by Dr. Lynch and is now going home.

**SELLS BUSINESS**  
John Marshall, of this place, has disposed of his interest in the firm of Marshall and Gonsalves, of San Leandro, to his partner.

### AN OPPORTUNITY TO VISIT BIG TREES.

The California State Board of Trade has arranged an excursion to the big redwood trees at Santa Cruz which is limited to members of the board. The committee having the trip in charge have arranged all details at greatly reduced rates and hence the demand for tickets is unusually large and as the party is limited the citizens of several places in and around the Redwood Park have made special efforts to furnish a grand time to those fortunate enough to be of the party. The party will leave on a special train at 3:15 p. m. August 12 and will arrive on the return Sunday afternoon August 14. The tickets are arranged in couples and include every expense of lodging, meals, including a ball's head breakfast at Boulder Creek on Saturday morning. The party will stop at Ben Lomond Hotel and at the "tent city," Santa Cruz, the citizens of Santa Cruz having secured a large number of tents, which they are having floored for the use of the party. Secretary Stearns, of the local Board of Trade has made arrangements with the State Board of Trade to reserve six tickets for members of the local Board of Trade, citizens of Oakland that desire to take the trip. The total expense will be but \$12, which includes fare on the special train both ways, stage rides, all meals and lodgings. As the party is limited to one hundred, and but eleven tickets remain unsold for at this time, Secretary Stearns asks that any Oaklanders who wish to be of the party send in their names at once.

**PLAN WHIST PARTY.**  
Order Daughters of St. George is now enjoying a term of prosperity, having a band of good officers in the chairs. Many good times are being planned for the near future, the first in order being a grand whist tournament for next Tuesday evening. Many handsome prizes are to be offered for the lucky ones, also a consolation for the poor unfortunate, and a good time is assured to all. Admission 25c.

## TO GIVE MELON DEATH OF AN OLD SOCIAL.

DEGREE OF POCAHONTAS OF  
FRUITVALE WILL ENTERTAIN.

**FRUITVALE, August 5.**—Preparations are being made by the members of Lurukah Council, No. 46, Degree of Pocahontas, for a melon social to be given at Masonic Hall on Monday evening, August 15. Melons of every size and grade have been engaged in large quantities. The evening will doubtless be a most enjoyable one. The recent improvements in the streets of this district have added greatly to the appearance of the town. All streets running between 12th and Fourteenth streets and the entire district have been graded and macadamized, the work being now practically finished. Much praise is due Supervisor J. R. Talcott for his efforts in the direction of street improvement in this district and likewise in the office of East Fourteenth street, which has proven a great satisfaction inasmuch as it does away with the dust which has proved so annoying in the past.

## DEATH OF AN OLD RESIDENT.

F. PRIETER OF SAN LEANDRO  
PASSES AWAY AT HIS HOME.

**SAN LEANDRO, August 5.**—F. Prieter died Tuesday at his home in this city, aged fifty-five. He leaves a widow and two children.

Mr. Prieter was an old resident of this community and one of the early members of the U. P. E. C. under whose auspices the funeral was held yesterday from the Catholic Church. The interment was in the Hayward's Catholic cemetery.

**VISITING FRIENDS.**  
J. E. Hetherington, formerly engaged in tailoring business in this city, but now a resident of Lakeside, is visiting friends here.

**PERSONAL NOTES.**  
J. Crabbs, station agent at Milpitas, visited friends here recently. Mr. and Mrs. J. Neustadter of San Francisco, were recent guests at the home of Mr. and Mrs. C. Walters.

A. M. Bettencourt has purchased a rubber-tired buggy.

Ashton of Oakland has been employed by A. Ury & Company of this place.

F. H. Becker has purchased the blacksmithing business of D. Gleason on Davis street.

John Driver returned recently from a business trip through Southern California.

**DO NOT LIKE  
BISHOP'S IDEAS.**  
KANSAS CITY, Mo., August 5.—The Kansas City branch of the American Young People's Christian Temperance Union strongly disapproves of the ideas of Bishop Potter, of New York, with regard to uplifting the moral tone of the saloon. At a meeting of the union the matter was discussed and a letter was addressed to the Bishop which will be sent to him today.

A copy of the letter follows: "My God have mercy upon your benighted idea of striking the keynote of attack upon the liquor situation. You are, rather indorsing the keynote that opens wide the doors to hell for the army of 100,000 souls who annually leave the King's highway and stumble into drunkards' graves. The present situation across the water of fifty-five bishops in the Church of England as stockholders in breweries and distilleries, with this shameful farce of a Bishop in the great Episcopal church in our own land taking a leading part in the opening exercises of a saloon, closing same by singing the doxology, should make every professed Christ follower in this great Episcopal church hang his head in very shame."

**THE VOLUNTEER FLEET.**  
CONSTANTINOPLE, August 5.—It is announced here that Russia has notified the Porte of the impending passage through the Dardanelles of some volunteer fleet steamers laden with coal. Russia, it is said, has given assurance that the vessels will preserve the character of merchantmen throughout the voyage.

## SUMMER RESORTS

### GO TO... PASO ROBLES HOT SPRINGS

### TUSCAN

Mineral Springs, open the year round. To whom it may concern: A year and three months ago I was attacked with that terrible disease, Leontitis. After power to balance, stand or even sit down entirely lost. Two best doctors of San Francisco and Hot Springs, Ariz., failed to help me. My stomach, bowels and kidneys failed to work. I had catarrh of stomach, head and bladder as a result of the disease. These troubles became chronic. At times my heart would beat like a drum, my eyes grow weak, my memory bad, my nerves wrecked. Three months ago I went to Tuscan Springs, Cal. What happened since was a pleasant surprise to me. I drank the waters, took the baths, after three weeks' treatment stomach, bowels, bladder and kidneys in perfect condition, evening at perfect, nervousness gone, memory good. After three months' treatment walked without cane, with eyes closed and up and down steep hills; am cured of this dread disease, now walk with slight limp. Have run stores in seventeen towns of the State of California; am well known in downstate districts of San Francisco. I fully there will prove truth of my help. I have condition three months ago. Further information, address Louis Jacobs, Stockton, Cal. We have hundreds of testimonials from others; send 50c in stamps for bottle of stomach and bowels medicine. Round trip tickets at reduced rates. Southern Pacific. TUSCAN MINERAL SPRINGS CORP., Tuscan, Cal.

# AN EVENING AT ST. ANDREWS.

AN EXCELLENT PROGRAM CARRIED OUT BY THE LOCAL SOCIETY.

The Oakland St. Andrew's Society held one of its enjoyable social evenings in its new rooms in the Blake Block last night, the occasion being in the nature of a house warming and also a sort of "send off" to the financial secretary of the society, John McMillan, who leaves next Wednesday to spend a few months in the home of his boyhood and in a general visit to the "land o' cakes."

Mr. McMillan has been a resident of Oakland for fifteen years and is one of the prominent men in the city. He is a native of Glasgow, but he takes a camera with him and expects to bring back with him views of many historic places in the land that has such great place in history.

The program last evening opened with an introductory speech by the president, George S. Larkie in his usual happy vein, ending with his request to the company to rise and respond to the toast "The President of the United States—Roosevelt," which was followed by "The King—Edward VII" and one verse of "God Save The King."

Robert Howden sang "The March of the Cameron Men" and for an encore, "The Lass of Patie Mill" after which Dr. A. K. Crawford responded to the toast, "St. Andrew's Society's New Rooms." A. C. Ballingall following with a song, "The Battle of the Clouds," being compelled to respond to an encore.

James P. Taylor in responding to "The Old Rooms," gave some reminiscences of the society, which, he said, was organized May 3, 1875, in Nicolli Hall. He referred to the first president, A. McKim, to Peter Thomson, Dr. W. O. Buckland, William Collins, John Forgie, Alex. Campbell, and others, and to some of the early officers, especially secretaries, among whom were Robert L. Smith, James Templeton, Thomas Turnbull, John Thomson, Alex. Dole, D. E. Collins and others. He mentioned members to the chapters, Rev. James Cameron, Rev. D. S. McLean and J. S. McDonald. He spoke of the removal to Grellin Hall to the Cannon building, to the Excelsior building and to the Y. M. C. A. to the Masonic Temple and lastly to the present quarters. He referred to the many interesting meetings at which debates were held and papers read by various members. He closed by quoting from the poet Samuel Rogers, "Pleasant Memories." He was followed by Mr. Fowler who sang "Brown October Ale" from Boylin Hood and was encored by Mr. Fowler. He had an excellent voice and sang well.

The toast "Godspeed to Mr. McMillan" was responded to by Dr. Edward Collins on behalf of the society which was done in the spirit of the toast. The Light Brigade, and for an encore gave a humorous dialect selection.

Mr. McMillan responded to "The Guest of the Evening" and by request recited several of his original humorous "take offs" on the tug-of-war and bowling contests between Oakland and San Francisco and on the "Murder of the Haggle."

"Our Sister Society" was responded to by Andrew Wilkie of San Francisco. Among other numbers were songs by Hugh Forgie, William Balnave, Alex. C. Ballingall, Robert Howden and Alfred Wilkie. Mr. Wilkie sang "The Macgregors' Gathering" and for an encore sang "My Pretty Jean."

Major John B. Jeffrey responded to "The Army and Navy of the United States" and by request gave "The Eleven O'clock Toast to Absent Members." During Major Jeffrey's remarks, at the close he gave an apostrophe to the flag at which the speaker, Larkie proposed a toast to "The Flag" and one verse of "The Star Spangled Banner" was sung by the company.

Remarks were made by Hugh Hamilton, Wm. Balnave and Samuel Irving of San Francisco. Wm. Stuart Charles, Rev. Dr. E. M. Patterson.

Those present were: George S. Larkie, J. C. Veira, James Pollitt, James McLean, James Low, Robert Dole, Mr. Shaul, Robert and Daniel Jamison, Mr. Forgie, Robert Howden, Alex. Smith, Andrew Wilkie of San Francisco, Major John B. Jeffrey, Wm. Strathairn, A. C. Ballingall, Dr. Murphy, Walter Smith, H. A. Campbell, Hugh Forgie, Mr. Fisher, Wm. Stuart, Dr. Brown, Charles, Kydd, James Hutchison, Hugh Hamilton, Dr. A. K. Crawford, James P. Taylor, Samuel Irving of San Francisco, J. C. Moffet of

## PLEASANTON NOTES OF INTEREST.

PLEASANTON, August 4.—Maud and Mrs. Meyers have moved from Main street into the Schlach Cottage on First street.

Lawrence Bernal, second son of Mr. and Mrs. Tony Bernal is very ill and little hope is entertained for his recovery by his physicians. Lawrence is one of Pleasanton's most popular young men, especially with the young people here.

Miss Hattie Hay is spending the month in Oakland with friends. Mrs. Charles Bruce will leave Saturday for a month's stay in Santa Cruz.

C. W. Morse has gone into business in Redwood City.

Mr. and Mrs. Byron Campbell of Antioch were the guests of Mr. and Mrs. C. W. Morse this week.

Miss Tillie of Oakland was the guest of Mrs. Allen Philpot this week.

Mrs. George Detjen and her mother, Mrs. Sands from Iowa, left Thursday for a visit in Santa Cruz.

Mr. and Mrs. Charles Schuen and family left Thursday for a stay in Santa Cruz.

Miss Fannie Tyrrell of Berkeley was the guest of Miss Mabel Gibson, Sunday.

Miss Bessie Bunch spent a few days in San Jose this week.

Dr. F. W. Harris of Lodi, son of Mrs. L. F. Harris will be united in marriage to Miss F. Louie, August 24, at his mother's residence on Division street.

Miss Louie is a prominent teacher of Lodi. After a wedding tour, the couple will make their home in Lodi.

The officers of Pleasanton received word Thursday morning from Danville to keep a lookout for some strange men who had robbed a saloon in that place on Wednesday night and who had stolen some things in Concord.

Constable Lock at once began a search and located three hard looking characters in the deep woods, near the Santa Rita road. It is probable that they had walked from Danville during the night.

After they were arrested the officers found two pistols and several candles wrapped in cotton. They also had a large sum of money, most of which was in small change. All these articles were taken from the men. They were taken to Oakland by the officers on Thursday afternoon train.

## THOS. FRY IS SUDDENLY CALLED. TRADE REPORT OF THE WEEK.

THOMAS MATTHEW FRY.

Thomas M. Fry, the well known and skilled jeweler of this city, was suddenly called by death at an early hour this morning at his home 814 Eleventh street. Despite the unexpected nature of the summons, Mr. Fry was surprised at the blessing of passing away in the arms of his wife and in the immediate presence of several members of his own family. For several days past, Mr. Fry had been sick and it was feared that he was about to be smitten by typhoid fever. This morning, however, he suddenly declared that he was suffering and ordered a window of the home be opened to enable him to breathe. The order was complied with, but without affording the desired relief. The sufferer breathed his last in the arms of his wife, Dr. Mason, who had been attending Mr. Fry, declares that heart disease was the cause of death.

Thomas M. Fry was a native of Kentucky, West Virginia, where he was born 62 years ago. It was there he received his education and learned the trade and business of jeweler which he followed all his life. In early manhood

he moved to Kansas and, for about 20 years made his home in Emporia in that State. He was married to Miss Eliza Jane Creamer of that place. The family came to California about eleven years ago, nearly all of which time Mr. and Mrs. Fry have resided in this city, the former at different times conducting a jewelry store at 958 Washington street and on San Pablo avenue. The deceased was the father of six sons and one daughter, namely: Harry E. Robert G. Carl C. Walter S. Charles B. Frances and Albert S. Fry, all of whom, save the first-mentioned, with their mother, survive. Walter Fry has, at times, been connected with the mechanical department of THE TRIBUNE, and Robert G. Fry, another son, is a machinist-operator in the news room of this paper.

The deceased was a business man of intelligence and integrity, a good citizen and stood well with all with whom he came in contact. He was unaffiliated with fraternal orders. The interment, which will be private, will take place next Sunday.

## UP TO THE SCHOOL DIRECTORS. SETHCHELL READY TO RETURN.

BOARD OF HEALTH DECIDES THAT EDUCATORS MUST ENFORCE THE LAW.

BERKELEY, August 5.—If the Board of Education does not enforce the vaccination law it will be directly accountable to the State Board of Health. This was the decision reached last night by the Board of Health, which convened in regular session. It was held by the doctors that as the members of the Board of Education have taken an oath to obey and enforce the laws of the State it will be imperative for them to see that every child in the school department is vaccinated unless there be a good and sufficient reason why the pupil should not be inoculated.

Acting Health Officer Frank R. Woolsey reported that he has been vaccinating children whose parents are unable to afford vaccination at the rate of nearly a hundred a day.

NEW MODEL OF PROPULSION. NEW YORK, August 5.—A new thing in naval propulsion has been in construction for more than a year on the roof of an architectural iron works building in this city. The new boat has been lowered to the street and taken to the North river where it will be tested soon.

The inventor believes that he will be able to produce a speed hitherto unheard of on the water.

The scheme involved the principle used by the squid. Beneath the boat, running two-thirds of the length, between the keel and the bottom is a tube fifteen inches in diameter. The tube is open at both ends. Within it are four propellers on a shaft, running the length of the tube and attached by gearing to an engine in the center. The revolution of these screws drives the water violently from the tube. This concentrates the energy of the propellers in one direction, instead of dissipating in every direction, as in the case of the ordinary screw. The boat is thirty feet long and has a two-foot beam. Fifteen horsepower engine will be used.

The inventor is a graduate in Lavel Architecture of Cornell University and worked for two years at the Union Iron Works in San Francisco. He has experimented on this idea for several years and has made successful experiments with several models.

N AROUND THE CAMP FIRE.

A camp fire and entertainment was given by the Indian Camp Company, a Veteran Reserve, N. G. C. at their armory at Twelfth and Harrison streets, Wednesday evening. Following program was rendered: Remarks by Capt. C. K. King illustrated song, Prof. Covey, with pictures, Carrie King soloist, Miss Hattie Sampson accompanied introduction of Prof. Ciancino, violin soloist, by Lieutenant J. C. Duvall; remarks by Commodore W. R. Thomas; recitation by Miss Hattie Sampson; reading by Mrs. Auloff of Berkeley; remarks by Rev. S. R. Walton, vocal selection by Miss Lulu; remarks by First Lieutenant Wm. Clark, selection (reading) Mrs. Palmetto; after which refreshments were served by the ladies.

TEA. Poor tea is the older leaves, not the young ones.

There's too much of it.

Your grocery returns your money if you don't like Schilling's Tea.

SIGNS OF IMPROVEMENT EVERYWHERE AND GOOD PROSPECTS FOR BUSY FALL TRADE.

NEW YORK, August 5.—From almost every part of the country from which the International Mercantile Agency has received special reports this week there are signs of an improvement in trade, with better business on hand than is customary at this season of the year, and few cancellations as a result of the rather calamitous reports that have been sent out the past few days from the spring wheat sections in the Northwest. This is a splendid augury for the trade for the next six months. It is quite noticeable how little alarm has been evinced by the labor troubles that already exist and those that threaten. Locally, the strike of the men in the packing house trade is of small consequence, while indications in the West are that it will soon be settled. In Chicago, Kansas City, Minneapolis and St. Paul, cities that would naturally be affected by the disturbances, there is very little trace of a reaction in trade. It is equally significant that these same sections should report a very satisfactory distribution of merchandise in view of the estimates that have been made of damage by rust to spring wheat. In some of the counties of North and South Dakota, there has probably been a material setback, but the damage figures are being generally discredited. The best reports are from the South and Southwest. It is evident that preparation for a busy fall trade by merchants in those sections for an unprecedented business. Louisville, Baltimore, St. Louis and Dallas all tell the same story of a great good demand with satisfactory collections and the prospect of a much better business. Traveling men are sending in larger orders than they have been known to before at this season of the year. This condition applies to clothing, millinery, hardware, drygoods and building material.

In the financial and mercantile world there is no one influence that is having an effect at present equal to that produced by the several aspects of the crop situation. The loss by floods probably reduced the winter wheat yield 15,000,000 bushels. There has been extensive damage in the past week to spring wheat by rust. If no further loss occurs in the Northwest there will probably be between 500,000,000 and 600,000,000 bushels harvested. There appears to be no warrant for the estimate of a total yield under 550,000,000 bushels. With a production of 600,000,000 bushels there will be a small exportable surplus.

Ministers, lawyers, teachers, and others whose occupation is not but little ever use, should use Carter's Little Liver Pills for torpid liver and biliousness. One is a dose. Try them.
